University of Sussex AQP (Partnership)

Partner Handbook 2024-25

CONTENTS

Section 1: Calendar of Business	4-5
Section 2: Introduction	6-8
Section 3: Partnership Arrangements	9-10
Section 4: New Partnership Approval	11-13
Section 5: Institutional Recognition / Re-recognition	14-16
Section 6: New Course Approval	17-19
Section 7: New Delivery Centre Approval for Recognised Partner Institutions	20-23
Section 8: Validation Process Document (Partnership)	24-29
Section 8b: Re-validation Process Document (Partnership)	30-31
Section 9: Changes to Courses and Policies	32-36
Section 10: Annual Monitoring	37-38
Section 11: Publicity and Marketing materials	39-41
Section 12: Staff at Partner Institutions	42
Section 13: External Examiners	43-45
Section 14: Examination Boards	46-47
Section 15: Certificates, Transcripts, Graduation and Replacement Certificates	48-49
Section 16: Complaints for Students on Programmes Validated by the University	50-51
Section 17: Enhancement and Engagement	52
Section 18: Fees and Charges	53
Appendix 1: Academic Governance Arrangements	54
Appendix 2: Approval Process for New Partnerships	55
Appendix 3: Recognition of a Partner Institution	56-59
Appendix 4: New Delivery Centre: Assurances	60-61
Appendix 5: Partnership Tutor Role Description	62-63
Appendix 6: Generic Documentation for Validation / Re-validation	64-65
Appendix 7a: Course Validation Overview Template	66-80
Appendix 7b: Course Re-validation Overview Template	81-96
Appendix 7c: Course Validation Guidance	97-108
Appendix 8: Proposal for a Major Change to a Course	109-112
Appendix 9: Proposal for a Major Change to a Module or Pathway Form	113-114
Appendix 10: Proposal for a New Module Form	115-117
Appendix 11: Proposal for a Change to Policy Form	118
Appendix 12: Annual Monitoring Report Template	119-125
Appendix 13: List of Teaching Staff Form	126
Appendix 14: Process for Replacing External Examiners	127-128
Appendix 15: External Examiner Nomination Form	129-132
Appendix 16: Pass List Template	133
Appendix 17: Instructions for Completion of Certificate Spreadsheets	134-136

Appendix 18: Template for the Production of Degree Certificates	137
Appendix 19: Proforma for the Production of Certificates	138-139

1 CALENDAR OF BUSINESS

2024-25		
	 Following items to be received by the University from its partners: Confirmation of the courses to be delivered during the year*. List of HE tutors and CVs of any new tutors Electronic copies of all student handbooks for each validated course. Calendar of HE-relevant committee dates. Dates, composition and membership of examination and resit boards. Confirmation of External Examiner fees. Copy of complaints and appeals policy and procedure 2024-25 	Mon 2 Sept 2024, unless a separate deadline has been agreed with AQP *For partners delivering courses with non-standard start dates: please notify the Partnership Office as soon as these courses are confirmed and send a copy of the relevant student handbook on or before the start date.
	Teaching at University of Sussex begins (autumn term)	Mon 23 Sept 2024
	Indicative deadline for proposals for major curriculum changes and new modules to validated courses for 2025/26.	Thurs 31 Oct 2024
Semester One	Collaborative Provision Approval Sub-Committee (CPASC)	Thurs 7 Nov 2024
	Partners to submit a list of names of all students on Sussex-validated courses, and the course they are assigned to, as at 1 December 2024.	Mon 2 Dec 2024
	Per capita fee invoice sent by the University to partner institution.	Fri 20 Dec 2024
	Partners to submit their Annual Monitoring Report to the University.	Fri 6 Dec 2024
	Teaching at University of Sussex ends (autumn term)	Fri 6 Dec 2024
	University of Sussex winter vacation	Sat 14 Dec 2024 - Sun 5 Jan 2025
	University of Sussex semester one assessment period	Mon 6 – Sat 18 Jan 2025
University of Sussex intersemester week Mon 20 – Fri 24 Jan 2025		Mon 20 – Fri 24 Jan 2025
University of Sussex Winter Graduation Mon 20 – Fri 24 Jan 2025		

	Partner Annual Monitoring Review Event (PAMRE) (in person at University of Sussex)	Fri 17 January 2025
	Teaching at University of Sussex begins (spring term)	Mon 27 Jan 2025
	Deadline for new course proposals starting 2025/26 for courses recruited through UCAS*	14 February 2025
	Collaborative Provision Approval Sub-Committee (CPASC)	Thurs 13 Mar 2025
	Partner Network Day (in person at West Dean)	Friday 4 April 2025
	University of Sussex spring vacation	Sat 12 Apr – Sun 4 May 2025
Semester two	Deadline for External Examiner nominations for 2025/26.	Wed 25 April 2025
	University of Sussex semester two assessment period	Tues 6 May – Sat 24 May 2025
	Teaching at University of Sussex resumes (summer term)	Tues 6 May 2025
	 Following items to be received by the University from its partners: Deadline for policy changes (inc. examination and assessment regulations) for implementation in 2025/26. 	Fri 23 May 2025
Teaching at	University of Sussex ends	Sat 24 May 2025
Collaborativ	e Provision Approval Sub-Committee (CPASC)	Thurs 19 June 2025
University of Sussex Summer Vacation		Sun 25 May 2025 to Sun 21 Sep 2025
University of Sussex Progression & Award Boards (Finalists)		Wed 4 & Thurs 5 June 2025
University of Sussex Progression & Award Boards (Progression)		Wed 18 & Thurs 19 June 2025
University of Sussex Progression & Award Boards (Postgraduate Taught Courses)		Wed 2 & Thurs 3 July 2025
University of Sussex Summer Graduation		Mon 21 – Fri 25 July 2025
University of Sussex Progression & Award Boards (Resit)		Wed 27 & Thurs 28 Aug 2025

*This excludes postgraduate courses, courses not recruited through UCAS and courses due for re-validation.

2 INTRODUCTION

- 1. The University of Sussex's policies and procedures for the development, management, and renewal of collaborative provision arrangements are aligned with the Quality Assurance Agency's (QAA) <u>UK Quality Code for Higher Education</u>.
- 2. The University is committed to developing collaborative provision arrangements with like-minded partners, based on compatible and complementary educational objectives.
- 3. Collaborative Provision refers to the management of all learning opportunities leading or contributing to the award of academic credit or a qualification that are delivered, assessed or supported through an arrangement with one or more organisation other than the University of Sussex. The following are not covered in this definition: study abroad and placement provision.
- 4. Collaborative Provision describes the following types of arrangement:
 - Articulation (managed by the University's International Office);
 - Double awards;
 - Dual awards;
 - Flying faculty/off-site delivery;
 - Joint award;
 - Validation.
- 5. The University has developed quality assurance procedures for collaborative provision that are proportionate to the level of risk, compliant with the Office for Students regulatory framework, and consistent with the UK Quality Code.
- 6. This handbook describes the policies and procedures underpinning the assurance and enhancement of the academic quality and standards of **validation arrangements**.
- 7. These procedures are designed to ensure that courses delivered through validation arrangements offer a high-quality and equitable academic experience to all students, regardless of the location of study.

Key contacts

8. The Academic Quality and Partnerships Office is the first point of contact for advice or guidance on any matters referred to in this handbook. It comprises:

Oliver Craig	Head of Academic Quality & Partnerships	O.Craig@sussex.ac.uk
Kristina Rudge	 Partnership Manager responsible for: Highlands College, Jersey Roffey Park Institute West Dean College 	K.Rudge@sussex.ac.uk
Rob Boyd	 Partnership Manager responsible for: Study Group (ISC) Transnational Education (TNE) 	R.I.Boyd@sussex.ac.uk

Liz Beddus	 Partnership Officer responsible for: Highlands College, Jersey Roffey Park Institute West Dean College 	E.Beddus@sussex.ac.uk
Freya Nielsen	 Partnership Officer responsible for: Study Group (ISC) Transnational Education (TNE) 	F.Nielsen@sussex.ac.uk
Elizabeth Thurlwell	Partnership Officer responsible for:Study Group (ISC)	E.Thurlwell@sussex.ac.uk
Safak Karakulak	AQP Assistant	S.Karakulak@sussex.ac.uk

9. For advice and guidance relating to articulation agreements, please contact <u>international-admin@sussex.ac.uk</u>.

Collaborative provision committees

10. The following table summarises the roles of each committee with oversight of collaborative provision. Full terms of reference are available on Sussex Direct:

Collaborative Provision Approval Sub-Committee (CPASC)	A committee of UEC with authority to approve new collaborative provision partnerships, new course titles for validation, as well as title changes, mode changes, suspension and withdrawal of existing courses. Decisions are taken based on scrutiny of academic coherence, recruitment strategy, strategic fit and resource considerations.
University Education	A committee of Senate with responsibility for oversight of all
Committee (UEC)	validation and curriculum development activity. Responsible for the assurance of academic standards and quality enhancement.
Global and Civic	A committee of University Executive Team (UET). Responsible for
Engagement Committee	advising UET on strategic decisions concerning priorities for
	institutional partnerships with external stakeholders in local,
	regional, national, and global contexts.
Faculty Education	A committee of UEC with responsibility for oversight of curriculum
Committee (FEC)	development at Faculty level, including approval of all new
	modules and changes to courses and modules with reference to
	the norms and standards set out in the Academic Framework.
TNE Steering Group	A committee of UET. Responsible for formulating, monitoring and
	reviewing the University's strategic and operational work in the
	area of TNE.
Partnership Steering	A committee of UEC which acts as the highest level governance
Group	board between the University and the partner institution.
	Responsible for providing the leadership role and strategic
	direction for the partnership.

Who's Who at Sussex

Mr Sanjeev Bhaskar OBE	Chancellor
Prof Sasha Roseneil	Vice-Chancellor and President
Prof Michael Luck	Deputy Vice-Chancellor and Provost
Emma Potts	Interim Chief Operating Officer
Prof Kate O'Riordan	Pro-Vice-Chancellor (Education and Students)
Prof David Ruebain	Pro-Vice-Chancellor (Culture, Equality and Inclusion)
Prof Keith Jones	Pro-Vice Chancellor (Research and Enterprise)
Prof Robin Banerjee	Pro-Vice Chancellor (Global and Civic Engagement)
Prof Simon Thompson	Deputy Pro-Vice-Chancellor (International)
Prof Claire Smith	Deputy Pro-Vice-Chancellor for Education and Innovation
Prof Graeme Pedlingham	Deputy Pro Vice-Chancellor for the Student Experience
Ms Jayne Aldridge	Director for the Student Experience
Miss Denise Cooper	Deputy Director (Academic Services)

AQP, August 2024

3 PARTNERSHIP ARRANGEMENTS

The University's validation partnership arrangements fall into two categories: full
partnership and associate partnership. A full partner has all of its higher education
provision validated by the University whereas an associate partner has some of its
higher education provision validated by the University and may have a number of other
validating partners. Details of the two types are summarised below:

Full partner

- 2. All HE provision is validated exclusively by the University of Sussex, with other opportunities for collaboration identified. In exceptional circumstances, it may be that a full partner does work with another validating partner and still retains its full partner status, subject to discussion with the University and approval of any other partnership arrangements.
- 3. The University commits to supporting the development of the academic portfolio of the partner, through engagement with the appropriate Faculty and the assignment of one or more partnership tutors. The University may agree to validate courses outside of its areas of expertise as long as an external examiner of appropriate experience can be identified to fulfil the quality assurance requirements.
- 4. The partner is entitled to refer to itself as "an affiliated partner of the University of Sussex" and to use the University's logo on agreed marketing materials. The partner is entitled to use Sussex branding at an institutional level, for example on physical signage and web presence. All usage of the University's logo and name is to be approved by the University prior to use.
- 5. Any international partnership arrangement the Partner Institution may be pursuing is subject to discussion with Sussex.
- 6. Any examination boards where an award is made must be chaired by the University.
- 7. A member of the University Executive Team normally attends graduation at the Partner Institution.

Associate partner

- 8. This is a non-exclusive partnership, where the University validates only some of the partner's higher education provision. The initiative for this type of partnership normally comes through a Faculty and focuses on a particular discipline. The partner must advise the University of any proposed third-party partnership arrangements.
- 9. A partnership tutor will normally be assigned to the partner.
- 10. The partner is entitled to use the University's name/branding in marketing materials that relate to the validated course(s). It is not entitled to use Sussex branding at an institutional level. All usage of the University's logo and name must be approved by the University prior to use.
- 11. Any examination boards where an award is made must be chaired by the University.
- 12. Steering Group arrangements are agreed on a case-by-case basis.

13. A member of the University Executive Team may attend graduation at the Partner Institution.

AQP, August 2024

4 NEW PARTNERSHIP APPROVAL

Introduction

- 1. The University will validate courses only at recognised Partner Institutions. For full partners of the University, all higher education provision will be exclusively validated or franchised by the University of Sussex. Associate partners of the University may seek validation from a range of institutions.
- 2. These procedures set out the requirements for recognition/re-recognition and the processes and criteria for the validation process.
- 3. The procedures have been drawn up after due consideration of the Office for Students regulatory framework and UK Quality Code (where appropriate) for the assurance of academic quality and standards in higher education.
- 4. The University is responsible for *all* awards granted in its name.
- 5. The process of becoming a recognised partner of the University can take a minimum of one academic year.

Collaborative Provision Approval Sub-Committee

- 6. CPASC is a subcommittee of University Education Committee (UEC), which is a subcommittee of Senate. Through CPASC, the governance structure for the approval of new collaborative education partnerships and related curriculum development is aligned with the University's approval process for its own courses through the Portfolio Approval Committee.
- 7. The Committee will:
 - facilitate the initial approval of new domestic and international collaborative education partnerships with institutions based in the UK or overseas and make recommendations to University Executive Team (UET) on whether to give final approval for new partnerships;
 - determine the nature of the partnership to be engaged in, according to agreed definitions (potential arrangements could include validation; franchise (subcontracted); dual, double or joint awards; flying faculty; distance learning or some combination of these);
 - receive and approve reports relating to institutional recognition and rerecognition of collaborative education partnerships;
 - approve new course proposals or entry points to be delivered at the partner institution under the scope of the partnership agreement;
 - note the withdrawal or suspension of partner courses with due consideration of obligations to provide timely notification of such changes to applicants and/or students as applicable;
 - make recommendations to UET regarding withdrawal from existing partnerships.

Requirements and processes for recognition of a new partner institution

Initial Development

- 8. The initial phase of developing and scrutinising a prospective collaborative education partnership will involve a process of assessing alignment between institutional goals, values, and strategic priorities. Initial scrutiny and due diligence will include evaluation of the potential partner's academic provision, financial stability, governance structures, and commitment to quality assurance.
- 9. Prospective partnerships will be linked to one of the University faculties, either through cognate subject areas (for validation partnerships) or through co-ownership of a proposed new Sussex course to be delivered through a UK or TNE partnership. Support from the 'owning' or cognate Faculty is a requirement for the approval process to move beyond this stage.
- 10. For prospective international partnerships, the TNE Steering Group has been established to consider and co-ordinate the development of TNE project proposals with respect to the University's strategic objectives, including new TNE projects and new development of existing TNE projects. This analysis will form the basis for the Steering Group to advise the Global and Civic Engagement Board and University Executive Team on the suitability of a TNE proposal for further development.
- 11. University Executive Team has the responsibility for approving new UK and TNE collaborative partnerships to proceed to the next stage.
- 12. Following approval from University Executive Team, the proposal will be taken forward for CPASC approval.
- 13. A TNE Project Board will be established to take the development of new TNE proposals forward for approval by CPASC. Approval of new UK proposals will be coordinated between the Academic Quality and Partnerships office and the cognate Faculty.

CPASC Stage 1 and 2

- 1. There is a two-stage process of CPASC approval for proposed new partnerships.
- 2. At **Stage 1**, the <u>proposal form</u> includes an outline academic case and assessment of the strategic alignment between the two institutions. An initial due diligence report and (for TNE only) an International Business Development Research report are also required for Stage 1.
- 3. Where new courses are being proposed (see **Section 5** for more information), the following additional forms are required:
 - a. For new Sussex courses, a CPASC Stage 1 New Course Proposal form
 - b. For new courses to be delivered in a validation partnership, the <u>New</u> <u>Course Proposal (Validation)</u> form.
- Subject to CPASC's Stage 1 approval, the proposal will proceed to CPASC at Stage
 The <u>CPASC Stage 2</u> proposal requires the submission of a Finance report, a response to the Committee comments at Stage 1, a description of the resources required to deliver the partnership, and a <u>Stage 2 submission for new Sussex</u> <u>courses</u>.

5. At this stage, subject to CPASC approval, the proposal will proceed to the UET (outline case) approval stage. At this point, the Institutional Recognition and Course Validation events may be scheduled to proceed following the UET outcome.

UET approval stage

- 6. The submission of the outline business case to UET includes a recommendation from CPASC and a full due diligence report prepared by the University's Office of the General Counsel.
- 7. Subject to UET approval to proceed, the full business case is then submitted to UET, including reports of site visits to the proposed partner.
- 8. Once a new partnership proposal has successfully completed this approval process, an Institutional Recognition event will be held (see Section 5), alongside the validation of any new courses for delivery as part of the new partnership (see Section 8).

5 INSTITUTIONAL RECOGNITION AND RE-RECOGNITION

Institutional Recognition Process

- 1. The formal recognition event is usually held in the autumn or spring terms to ensure that the process can be received within the committee cycle of the same academic year.
- 2. A Recognition Panel will be established to carry out a full risk assessment on the proposed partnership.
- 3. The proposed partner will be required to submit documentary evidence and a contextual evaluation addressing the themes and issues set out in Appendix 2. Full documentation must be received by AQP (Partnership) Office at least six weeks before the event.
- 4. The Recognition Panel will be chaired by a Pro-Vice-Chancellor (PVC) (or someone with previous PVC experience, nominated by the Chair of UEC). The Panel will, in addition to the Chair, normally (but not exclusively) comprise: a senior member of academic faculty, a member of UEC, a senior member of Professional Services, and a member external to both institutions (optional).
- 5. The Recognition Panel, in liaison with the Office of the General Counsel and Finance department, will carry out a risk assessment in light of the submission received from the proposed partner. This enables the Panel to make a judgement on the quality and standards of the operation in line with the questions posed in <u>Appendix 3</u>.
- 6. In some cases, the institution may not be able to provide information in respect of some of the questions simply because it may be a private or public organisation with no prior experience of higher education. In such a case, it may be more helpful or relevant for the questions to be addressed at validation and answered there in the context of a particular course proposal.
- 7. Where a prospective Partner Institution is known to have a current or former relationship with another UK awarding body, the Recognition Panel will make enquiries of said Institution as to the standing and effectiveness of the proposed Partner Institution.

The Recognition Event

- 8. AQP (Partnership) Office will provide a checklist of what is required for the event, to include:
 - A full list of participants from the Partner Institution (including name, titles and job titles).
 - Any information that will be provided on the day, such as marketing material, recent reports, student handbooks, a demonstration of the virtual learning environment, etc.
 - A private meeting with current students at the Partner Institution.
- 9. An internal briefing meeting of the Panel is held two weeks before the event. The external is not required to attend but is invited to contribute comments in writing). At this meeting, areas of investigation are identified. Points raised are collated into a document which forms the basis for the event's agenda.

10. The definitive participant list is circulated, which will include the Panel and additional members from the University, as well as all those expected from the proposed partner.

The Recognition Report

- 11. Within one week of the recognition event, the AQP (Partnership) Office will send a summary report to the proposed partner stating formally the Panel's conclusions including any conditions set and recommendations with a deadline for response.
- 12. A full report is written by the AQP (Partnership) Office, on behalf of the Panel, within four to six weeks of the event. The report will be sent to the proposed partner for comments on factual accuracy. The Chair will approve the report including any changes; a definitive report will be circulated.
- 13. The conclusions to the report will specify:
 - i. Any conditions of recognition (which must be met within an agreed period of time; final approval will not be given until these conditions have been met);
 - ii. Any recommendations which the Partner Institution is asked to consider but is not required to act upon, other than reporting any action taken (together with justification).
- 14. A standard condition of recognition will be that the institution agrees to maintain the characteristics approved by the University and which underlie recognition, unless changed by a similar collaborative process leading to CPASC approval.
- 15. The report will be submitted to the University's Collaborative Provision Approval Sub-Committee, which has the authority to receive and approve the formal recognition of the institution as a partner.
- 16. Having received the report, CPASC will report their decision to University Education Committee and Senate. Provisional approval may be given before conditions are satisfied; in this case, once conditions are satisfactorily fulfilled this will be reported back to the same committees.

Response to Conditions

- 17. A deadline will be given by which conditions must be met. Responses should be in a format that is clear and easy to read and check, and all changes must be tracked.
- 18. AQP may liaise with the Partner regarding their responses and ask for further information until all members of the Panel are satisfied.
- 19. The recognition of an institution as a partner of the University will normally be for an initial three-year period and will be reviewed with the possibility of continuing for an additional period of normally five years.
- 20. All costs relating to the recognition process will be borne by the Partner Institution.
- 21. Any changes to the organisation of the institution, the make-up of the senior management team, financial arrangements, committee structure, procedures and policies which the institution wishes to make during the period of recognition must be reported to the University, prior to the changes being made, to give the University an opportunity to comment and where appropriate, approved.

Requirements and procedures for Re-Recognition

- 22. During the academic year prior to the expiry of the recognition, a Re-recognition Panel will be established to consider the re-recognition of the Partner Institution.
- 23. The Re-recognition Panel will be chaired by a Pro-Vice-Chancellor (or someone with previous PVC experience, nominated by the Chair of UEC). The Panel will, in addition to the Chair, normally (but not exclusively) comprise: a member of UEC, a senior member of Professional Services and a member external to both institutions (optional). Where possible a member of the original Recognition Panel should sit on the Re-recognition Panel.
- 24. The Partner Institution will provide a self-evaluation document addressing the points set out in <u>Appendix 3</u>.
- 25. A formal re-recognition event will be held to finalise the consideration of all the issues; this will include the Re-recognition Panel and members of the partner organisation. The resulting report will be confirmed by members of the Re-recognition Panel before being submitted to the Partner Institution to confirm factual accuracy.
- 26. The report will be received by CPASC, which may or may not recommend rerecognition of the Partner Institution. The outcome of CPASC's decision will be reported to University Education Committee and Senate.
- 27. Conditions of re-recognition that emerge following the re-recognition process must be satisfactorily fulfilled before any new courses may be validated by the University.
- 28. All costs relating to the re-recognition process will be borne by the Partner Institution.

Partnership Agreement

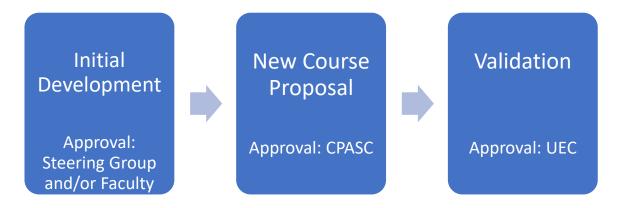

- 29. Recognition and re-recognition will be formalised in a Partnership Agreement. The Partnership Agreement will bind the institutions to the commitments in this procedure and enable both parties to fully understand their rights and responsibilities.
- 30. The Partnership Agreement may be amended by agreement of the parties through the exercise of the appropriate authority on both sides.
- 31. The Partnership Agreement may be terminated by the agreement of the parties, through the exercise of appropriate authority on both sides, provided that the agreed period of notice is given and that satisfactory arrangements are made for existing students to complete their courses.

6 NEW COURSE APPROVAL

1. New collaborative provision course proposals go through a one or two-stage process of approval by Collaborative Provision Approval Sub-Committee (CPASC). This process is designed to ensure that a proposal is a strategic fit for the University, that it is of the appropriate academic quality, and that it complies with University policy.

Validated courses

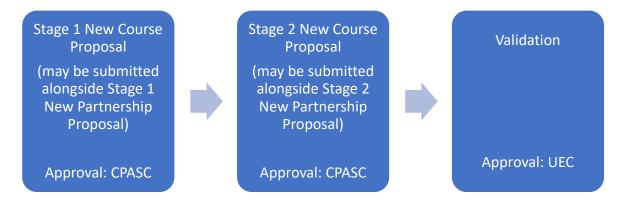

- 2. CPASC operates a one-stage process for approving new course proposals from a recognised partner institution to proceed to validation.
- 3. **Initial development:** The partner institution should discuss the proposal with the Partnership Manager and the Partnership Tutor to ensure support from the Academic Quality and Partnerships team and the cognate faculty. Depending on the type of proposal, further discussions may be arranged at this stage, and proposals may be shared with the Steering Group for the partnership.
- 4. **New Course Proposal:** The Partnership Manager will provide advice to the partner institution and/or proposal lead regarding the completion of the <u>CPASC New Course</u> <u>Proposal (Validation)</u> template. This may include providing feedback on a draft submission.
- 5. The partner should submit the completed New Course Proposal form to the Secretary of CPASC by the deadline provided. The Secretary will liaise with the Executive Dean of the cognate faculty to add their signature to the form confirming their approval for the proposal to proceed to CPASC.
- 6. **Approval from CPASC:** The proposal lead may be invited to join the CPASC meeting to speak to the proposal. CPASC will then consider the proposal.
- 7. When reviewing proposals for new courses, CPASC may consider the following:
 - the academic rationale for the proposed course;
 - whether market information indicates that the course will be sustainable and lead to an academically viable student experience.
 - whether the market for the proposed course is entirely new, or whether the development is likely to draw students away from existing provision;
 - whether the proposed course is in line with the University's Academic Framework;
 - the level of resourcing required for the course.
- 8. If the proposal is approved by CPASC, the course may proceed to the validation stage (see **Section 8** for more information). The Partnership Manager will notify the partner of CPASC's decision within 5 working days of the meeting.
- 9. At this point, a new course may be marketed and active recruitment may begin. All marketing material must include a statement that the new course is 'subject to validation'.

New Course Approval – Sussex courses delivered through collaborative provision and/or TNE

- 10. Proposals for new Sussex courses to be delivered through collaborative provision, e.g. joint, dual or double degrees, may be put forward to CPASC by the owning Faculty.
- 11. These proposals may be submitted in the context of the expansion of an existing partnership or alongside a proposal to develop a new partnership. The process of approval for new partnerships is set out in **Section 4** and the stages of approval for both the new course and new partnership are designed to be completed in tandem.
- 12. CPASC operates a two-stage process for approving Sussex courses delivered through collaborative provision. This aligns with the approval process for new Sussex courses delivered on campus. The two stages are designed to support the development of course proposals through stakeholder engagement and input, and to enable academic staff to reflect in depth on what is required to produce a successful course.
- 13. Advice and guidance on new TNE course proposals will be led by Global Engagement with support from Academic Quality and Partnerships. Support for UK proposals will be co-ordinated by Academic Quality and Partnerships.
- 14. **Stage 1 Proposal:** The relevant team will provide advice to the proposal leads on completion of the CPASC <u>Stage 1 New Course Proposal</u> template. This may include providing feedback on a draft submission.
- 15. For a new partnership, the CPASC <u>Stage 1 New Partnership Proposal</u> template should also be completed at the same time.
- 16. The proposal lead should submit the completed Stage 1 form to the Secretary of CPASC by the deadline provided.
- 17. The CPASC Secretary will liaise with the Executive Dean of the owning Faculty to add their signature to the form confirming their approval for the proposal to proceed to CPASC.
- 18. **Approval from CPASC (Stage 1):** The proposal lead(s) may be invited to join the CPASC meeting to speak to the proposal. CPASC will then consider the proposal.
- 19. When reviewing proposals for new courses, CPASC may consider the following:

- the academic rationale for the proposed course;
- whether market information indicates that the course will be sustainable and lead to an academically viable student experience.
- whether the market for the proposed course is entirely new, or whether the development is likely to draw students away from existing provision;
- whether the proposed course is in line with the University's Academic Framework;
- the level of resourcing required for the course.
- 20. **Stage 2 Proposal:** If CPASC approves the proposal at Stage 1, the proposal will then proceed to Stage 2. At Stage 2, the proposal lead should submit the <u>Stage 2</u> <u>New Course Proposal</u> template, which will include a response to the feedback received at Stage 1. The Finance Business Partner, Faculty Marketing Manager and Admission teams also provide scrutiny at this stage.
- 21. For a new partnership, the CPASC <u>Stage 2 New Partnership Proposal</u> template should also be completed for consideration at the same time.
- 22. Following approval by CPASC at Stage 2, the course proposals will proceed to validation (see **Section 8** for more information).

7 NEW DELIVERY CENTRE APPROVAL FOR RECOGNISED PARTNER INSTITUTIONS

Introduction

- 1. The University scrutinises all delivery centres within a potential Partner Institution through its Institutional Recognition process and approves them for delivery of courses leading to its awards. This approval is usually granted for an initial period of three years and then renewed at five-year intervals. Within this five-year period, a Partner Institution may approach the University requesting the approval of a new or additional delivery centre.
- 2. Through the new delivery centre approval process, the University revisits some of the key themes of Institutional Recognition in order to have confidence that these are also being addressed within the new centre. Namely whether:
 - I. there are effective, accountable management systems and appropriate administrative infrastructures in place to support the delivery of courses leading to the University's awards;
 - II. there is an ethos and environment appropriate to higher education;
 - III. the human and material resources are adequate to deliver a high quality learning experience appropriate to higher education.
- 3. The scale and type of expansion will determine the necessary level of scrutiny required, which will be proportionate to the perceived level of risk.

Structure of the process

- 4. A proposal from a Partner Institution to expand delivery of its Sussex-validated courses to another site will be subject to initial approval by the University Executive Team (UET), following receipt of a business case.
- 5. Following UET approval to proceed, the centre can be marketed by the Partner Institution as "subject to approval by the University of Sussex". Responsibility for the Institutional Recognition process lies with the Collaborative Provision Approval Sub-Committee (CPASC), under delegated authority from Senate, and the committee will, therefore, also be responsible for the full approval of new delivery centres.
- 6. An initial meeting will take place between AQP and the Partner Institution to discuss the process and the timeline for any site visits.
- 7. A panel will be appointed. AQP will co-ordinate the nomination of subject-specialists from the relevant cognate School(s) (or external institution).
- 8. Due diligence documentation, including CVs for all teaching staff, will be gathered by AQP from the Partner Institution and a summary document distributed to the panel, highlighting any potential risks that have arisen through this process. The addition of an overseas delivery centre to a previously UK-based institution will require additional due diligence checks on the national statutory or regulatory conditions within that country.

- 9. The Finance Division will determine whether the scale or type of expansion warrants any additional financial due diligence. If so, an updated risk report will be produced for the panel.
- 10. A site visit will normally be required, particularly where centres are delivering courses that require technical physical resources and/or teaching staff who have not previously delivered Sussex-validated courses.
- 11. The panel secretary will produce a report summarising the new delivery centre approval process and the outcome. The overall outcome will be formally approved by CPASC and communicated in writing to the Partner Institution.
- 12. Following formal approval the "subject to approval" caveat will be removed from the Partner Institution's marketing materials. The Memorandum of Agreement will be revised to list the additional delivery centre.
- 13. Any new courses being proposed at new delivery centres will be approved separately through the new course approvals process (see **Sections 6** and **8**). Site visits for the approval of a new delivery centre may be conducted alongside the validation of new courses, with the panel fulfilling both roles.
- 14. A delivery centre may be new to offering Sussex-validated courses but have been in existence for a number of years delivering courses at another level or with another awarding body. This is particularly likely for associate partners of the University. Under such circumstances, the University may approach the previous awarding body to comment on the quality of delivery at this centre or to provide the outcomes of annual monitoring or other quality assessment processes recently conducted. The panel will also meet with existing students during the site visit.

Chair	Member of University Education Committee (usually Chair).	Ensures that all elements of the process have been adhered to and draws conclusions. Chairs the site visit(s).
Academic Subject- specialist(s)	A subject specialist from a cognate area, able to provide technical scrutiny of resources. This will usually be a University of Sussex academic but, where the University does not offer a particular subject itself, an appropriately qualified independent academic from a peer institution will be appointed.	Provides professional scrutiny and commentary on the required resources.
AQP Representative	A Partnership Manager from the AQP office.	Ensures that proposed delivery from the new centre is compliant with University policy and regulations. Responsible for the initial due diligence.

Panel composition

Secretary	This role may also be undertaken by the AQP manager or an AQP officer.	Responsible for the operation and organisation of the site visit and for producing a summary report for UEC.
-----------	--	---

15. It is preferable for the panel to include members who were present at the last institutional recognition/re-recognition event for the Partner Institution.

Issues for consideration

Due Diligence

- 16. Due diligence documentation will be gathered from the Partner Institution by AQP. This will include, as a minimum:
 - Organisational charts;
 - Governance charts;
 - Confirmation that existing policies and procedures are institution-wide. There are no unique policies/procedures applied to the new delivery centre;
 - Teaching and learning strategy;
 - Learning resources strategy;
 - Overview of staffing (including teaching staff contract-type);
 - Staff CVs (for all teaching staff);
 - For existing delivery centres: Reports of the quality assurance process for annual monitoring / periodic review of courses at this delivery centre. This includes the partner's internal processes and any carried out externally e.g. by the previous awarding body or professional accreditation bodies.
- 17. Appendix 3 shows how this documentation informs each of the specific assurances. This form will be completed and provided to the panel, highlighting any potential risks that have arisen through this process.

Site visit

- 18. A site visit will normally be required, particularly where courses are being delivered that require technical physical resources and/or teaching staff who have not previously delivered Sussex-validated courses.
- 19. This visit will be organised by the AQP office and will follow a standard format:
 - Tour of relevant resources
 - Meeting with the centre's senior management staff
 - Meeting with teaching staff
 - Meeting with students (if delivery centre is already established)
 - Informal feedback of outcome to Partner Institution
- 20. The Partner Institution must provide details of the staff (and students, where applicable) who will be present on the day to meet with the panel. Staff leading the tour must be able to field technical questions regarding material resources.
- 21. The panel will seek a number of specific assurances in its consideration of the new delivery centre, whilst other issues may emerge through the process. These are listed in detail in <u>Appendix 4</u>, which also shows how they align to the three key

themes of Institutional Recognition. The panel will use these assurances to inform the questions it poses during the meetings with staff and students.

Outcomes

- 22. Following the site visit and the meetings with the staff and students, the panel will determine whether the new delivery centre is:
 - a) approved;
 - b) approved subject to specific conditions that must be met before students can be admitted onto Sussex-validated courses;
 - c) rejected with advice to the Partner Institution as to the reasons for doing so.

Finalising approval

- 23. To conclude the process the following outputs or actions are expected:
 - A summary report, confirming the outcome of the process and any associated conditions of approval, together with a realistic deadline for meeting the conditions, will be circulated to the Partner Institution normally within five working days;
 - A response from the Partner Institution, addressing any conditions, together with supporting or revised documentation, will be submitted to the Secretary by the deadline set;
 - The Secretary will liaise with panel members, in particular the Chair, to confirm that any conditions have been satisfied and the finalisation of the process.
 - The Secretary will take responsibility for submitting a report to the Collaborative Provision Approval Sub-Committee and for notifying the Partner Institution of final approval.
 - At this point, the Partner Institution can admit students onto Sussex-validated courses at the new delivery centre. The "subject to approval" caveat will be removed from the Partner Institution's marketing materials and the Partner Agreement will be revised to list the additional delivery centre.
 - The centre will be approved again alongside all delivery centres when the Partner Institution next undergoes Institutional Re-recognition.

8 VALIDATION PROCESS FOR TAUGHT PARTNERSHIPS

Introduction

- 1. Validation is the process by which new courses are fully approved by the University. This process enables the University to have confidence that for each course:
 - academic standards have been secured;
 - content and learning outcomes are aligned with the national Framework for Higher Education Qualifications (FHEQ), relevant Subject Benchmark Statements and PSRB requirements as appropriate;
 - a high-quality student experience will be delivered.
- 2. This process is facilitated through a validation event, based on the principle of enhanced peer evaluation. That is, the curriculum is approved by academic peers both internal and external to the University as well as, where appropriate, external stakeholders. Professional services representatives provide support, with the Academic Quality and Partnerships (AQP) Office assuming the primary role in this regard.
- 3. Validation enables the development of a curriculum that will provide the highest quality academic experience to students and is aligned to the strategic aims of both the Partner Institutions and those of the University. Approved courses will be effective, sustainable and will incorporate teaching informed by the research strengths, reflective practice and interests of academic staff.

CPASC Approval

4. New courses must be approved by the Collaborative Provision Approval Sub-Committee (CPASC) before they can proceed to validation. See **Section 6** for information on the new course approval process.

Pre-Validation Support

- 5. Following CPASC approval, AQP and the Partner Institution will meet to discuss the validation process and the timeframe for approval.
- 6. The Partner Institution is responsible for developing the new course with support from AQP and preparing documentation as required.
- 7. AQP will invite the Partner Institution course leads to discuss their draft paperwork with AQP and the Educational Enhancement team approximately 8 weeks before the final deadline. This will be an opportunity to receive feedback on any specific queries or advice on assessment design, learning outcomes, or other issues.

Documentation for submission

- 8. The following documentation is required at least six weeks in advance of the validation event for the Panel to consider and discuss with the Course Team:
 - a. Validation Overview document (see <u>Appendix 7a</u> Course Validation Overview *Template*) comprising:
 - i. A narrative section covering the overall vision for the course now and in the future, the intended student experience and the anticipated employability of those who graduate
 - ii. A new course specification
 - iii. Mapping of course learning outcomes to modules (The mapping of learning outcomes helps to demonstrate the academic coherence of the course and how

course learning outcomes are met by students undertaking the modules available to them.)

- iv. Mapping of the course's assessment (This helps to demonstrate that the students are provided with a sufficiently distributed and diverse set of assessment. The map should also demonstrate how each module learning outcome is met by individual assessments.)
- v. Mapping of the course's teaching methods (This will allow the Panel to visualise the pace of teaching employed across the course and the demands made upon students. The map will also help the Panel understand the resource implications of the course.)
- b. Specifications for all new and existing modules to be validated as part of the course (see <u>Appendix 10</u> *Proposal for a New Module Partner Institutions*)
- c. List of proposed teaching and management staff for the course (see <u>Appendix 13</u> List of Staff)
- d. Curriculum vitae for each member of staff listed above
- e. The intended Course Handbook for students
- f. Where a distance learning course is proposed, a presentation of the virtual learning environment for the course is required.
- g. Generic documentation, i.e. the institution-wide policies and procedures that would be the same for all courses considered for validation. (See <u>Appendix 6</u> Generic Documentation for Validation/Re-validation for full list of required generic documentation.)
- 9. AQP will check the documentation and may come back to the Course Team with queries if there are any substantial issues or queries with the submission. The Partner Institution has responsibility for meeting the deadline. If they are unable to meet the timescale at any point during the process, the validation event will be rescheduled.
- 10. When compiling the documentation, Partners should make the following checks to ensure that they are ready to submit:
 - The documentation has addressed all key areas for consideration by the Panel
 - The documentation is fully completed
 - The documentation is presented with clarity and in the format specified.
 - The documentation accurately represents the Partner's proposal. Partners should note that amendments will not be possible once the documentation has been received by the Validation Secretary as this will create delays in the process, hampering the Panel's ability to consider the documentation.
- 11. When the Partner is satisfied that they have the final version of this documentation, this should be submitted electronically to the Validation Secretary.
- 12. AQP will distribute the documentation to the panel.

Panel Pre-Meeting

13. A pre-validation online meeting of University-based members of the panel is held one to two weeks before the validation event. The purpose of the pre-meeting is to enable the Panel to consider the documentation and identify any matters arising which will need discussion at the Event. The Chair will also take the opportunity to assign key issues to Panel members, for them to lead the discussion on that issue at the Event. Student Panel Members will be offered a briefing as a matter of course.

Validation Panel

14. AQP is responsible for establishing a Validating Panel in respect of each proposal and specifying the membership and conduct of such a committee. AQP is also responsible for

nominating and appointing the independent members of the Panel.

Role	Eligibility	Description of role
Panel Chair	A PVC, an Associate Dean or Director of Teaching and Learning, not from the owning Faculty.	Will chair the validation event and ensure that all elements of the process have been adhered to.
University of Sussex Academic	A senior academic, preferably from a cognate area.	Will provide professional scrutiny and fulfil the peer review function, bringing the perspective of someone familiar with the University.
Independent Academic	An appropriately qualified academic from a peer institution.	Will provide both professional scrutiny and externality, ensuring that the Panel has objectivity.
Independent Stakeholder (desirable where there is a clear link to industry)	Where appropriate an external stakeholder may be included on the panel to represent the needs of employer organisations or targeted recruitment groups.	Will provide commentary on the likely employability of students on the proposed course and will be invited to comment on other areas.
Student Panel Member	Usually a current elected student representative from a similar course.	Will provide feedback and comments from a student perspective on all areas under discussion.
Professional Services Panel Member (desirable)	Usually an Academic Developer not from the owning Faculty(s) and/or, where appropriate, a representative from the Careers and Employability Centre, IT Services, Technology Enhanced Learning or the Library.	Will be able to provide commentary on the resources required, issues concerning the delivery of the course, and other insights based on their specialist professional knowledge.
AQP Panel Member	A manager from the AQP Office.	Will ensure that the proposal is compliant with HE sector standards and University policy and regulations.
Secretary	An officer from the AQP Office.	Will be responsible for the operation and organisation of the event.

Course Team

- 15. The course team at the Partner Institution will attend the event in order to present the course and respond to the panel's questions. The Partner Institution is free to choose the composition of the team with the following provisos:
 - The team should have a maximum of six members;
 - The Director of Teaching and Learning or equivalent must be a member;

¹ The independent academic will not normally be the same person as the external examiner for the course and will not have held a position in connection with the University of Sussex for the previous three academic years.

• The Course Convenor must be a member.

Validation Event

- 16. The formal validation event is held at the Partner Institution. The event itself will normally take a half or a full day, depending on the number of proposed courses under consideration and the complexity of the issues that require discussion. The meeting will follow a standard format:
 - Tour of relevant resources;
 - Private meeting of panel;
 - Course Team arrival and introductory remarks from Chair;
 - Introduction of the proposal from the Course Team;
 - Discussion of the proposal;
 - Panel meeting with students at the Partner Institution;
 - Panel discussion in private to determine outcome;
 - Communication of outcome to Course Team.
- 17. The Validation minute secretary will record the proceedings of the event.
- 18. The costs of validation will be borne by the Partner Institution.

Issues for Consideration

19. Whilst some topics for discussion will emerge from the documentation, there are a number of key issues which will form the core focus for each validation. In preparing documentation the Course Team should therefore pay particular attention to the following areas:

Key issue Academic coherence	Criteria to be considered by panel The panel will wish to see how the structure of the course develops from the point of entry to final outcomes, demonstrating coherence in curriculum design, the pattern of teaching, learning, and assessment.	Document Narrative document, course specification
	Where non-standard delivery is proposed, this should be signalled in the documentation and in the course team's introduction at the event. The course team should also draw the panel's attention to any operational issues identified.	
Consistency of course and module learning outcomes with FHEQ Qualification	The panel will wish to confirm that the course and module learning outcomes meet the FHEQ qualification descriptors (including Master's level characteristics, where relevant), establishing the standard of student achievement.	Course specification, module specifications
Descriptors and Subject Benchmark Statements	Where appropriate (undergraduate courses and some postgraduate courses) the panel will also wish to confirm that the relevant Subject Benchmarks Statements are reflected in the course design.	
	The FHEQ descriptors, Master's degree characteristics and Subject Benchmarks can be viewed on the QAA's website.	

Course regulations	The panel will wish to confirm that the course regulations for progression, exit awards, and final award/ classification are consistent with the University's Academic Framework. Requests for derogation(s) from the Framework or other regulations must be highlighted in the documentation and in the Course Team's introduction at the event.	document, Course specification, module specifications	
Teaching, learning and assessment strategy	The panel will pay close attention to the planned teaching and learning methods, with a particular emphasis on ensuring that the methods of delivery are appropriate to the intended course and module learning outcomes and the intended student cohort. The panel will also consider whether technology-enhanced learning has been integrated.	Primarily course specification, module specifications	
	The panel will pay close attention to the choice of assessment modes, with particular emphasis on ensuring that the modes of assessment secure the course and module learning outcomes. The panel will expect to see an appropriate range of assessment modes and information on the timing of assessments, including opportunities for formative feedback and feed-forward.	The narrative document may comment on the underlying philosophy	
Student experience	The panel will need to be satisfied that the course as presented will provide students with a high- quality experience. The validation documentation should address how the course will build a cohort identity, support student wellbeing, is inclusive and will enhance the employability of students. Details should be given of the support that students will receive (particular to the course), and how the course will develop them as individuals, linked to graduate employment or further study.	Narrative document	
Resources	The panel will seek to verify that all resources required to deliver the course are available (or have been identified and planned). This includes academic and administrative staffing (where relevant); IT and other technical or specialist learning resources; library; space.	Narrative document, course specification	
	Course Teams will need to take particular note of any resource issues that were identified during the development process and should address these directly in the covering document.		
Impact and sustainability	The panel will wish to assure itself that the design and delivery of the course contributes positively to the development of the characteristics of a Sussex graduate as set out in the University's Teaching and Learning Strategy.	Narrative document	
	The panel will wish to assure itself that the course is likely to succeed, and to be sustainable over an appropriate period of time. In considering sustainability the panel will take account of projected recruitment, the integration of the course with other provision, and resource requirements.		

Outcomes

- 20. The Validating Panel may determine that the proposal should be:
 - a) approved without amendment;
 - approved subject to specific conditions, including the dates by which these should be satisfied. (Note: until the conditions set have been satisfied students cannot be admitted to the course);
 - c) rejected with advice to its originators as to the reasons for doing so.
- 21. If approved, the Validating Panel will also determine the period of validation after which the course must be re-validated if it is to continue. This is normally between three and five years. For new undergraduate courses, a five-year re-validation period is usually applied in order to allow time for all three stages (Levels 4-6) to be delivered and for course teams to reflect on the course as a whole prior to re-validation.

Post-validation

- 22. Following the validation event the following outputs or actions are expected:
 - a) A summary report, confirming the outcome of the validation and any associated conditions of approval, together with a clear and achievable timescale for delivery, will be circulated normally within five working days. The summary report will also include any recommendations for further consideration and any commendations acknowledging best practice. It will also incorporate context for the outcomes;
 - b) A report or action plan from the course team, addressing any conditions and recommendations set, together with supporting or revised documentation, must be submitted to the Secretary by the deadline set;
 - c) The Secretary will liaise with panel members, in particular the Chair, to confirm satisfaction of the conditions and recommendations and completion of the validation process;
 - d) The Secretary will take responsibility for submitting the summary report to the University Education Committee;
 - e) The Partner Institution will send a final definitive version of the validation documentation to be retained by the AQP office. The definitive document is the legally binding contract for each course;
 - f) Courses approved through this process of validation are to be delivered by the Partner Institution only, and under no circumstances is the provision to be subcontracted to another institution through a separate agreement.

8B RE-VALIDATION PROCESS

Introduction

- 1. Re-validation is the process by which existing courses are periodically reviewed and reapproved by the University.
- 2. A course re-validation may include substantial change to the structure and content of the course including the introduction of new pathways.
- 3. This process enables the University to continue to have confidence that academic standards have been secured, that content and learning outcomes are aligned with the national Framework for Higher Education Qualifications (FHEQ), that a high-quality student experience is being delivered, and that opportunities for enhancement are being sought.
- 4. This process is facilitated through a re-validation event, run in a similar manner to the original validation but focusing on reflective review and proposed course changes.

Structure of the re-validation process

- 5. Re-validation will normally take place according to the timetable determined by the panel when the course was originally validated. However, a request for major course changes may also trigger a requirement from the University for the course to be re-validated.
- 6. During the academic year in which re-validation is held, all marketing material for the next intake must include a statement that the course is 'subject to re-validation'.
- 7. Preparation for re-validation will be the same as for validation, although the requirements for documentation are different, as outlined in point 10 below. The requirements for the composition of the panel and the course team are also the same as for validation. Documentation is sent electronically to AQP five to six weeks in advance of the event. AQP will distribute the documentation to the panel.
- 8. The standard format for a validation meeting will be followed and the panel will consider the same key issues, focusing on (but not limiting questioning to) the changes being proposed.
- 9. The costs of re-validation will be borne by the Partner Institution.

Documentation required for re-validation

- 10. The following documents are required by the panel at least five to six weeks in advance of the date of re-validation:
 - Re-validation Overview Template (see <u>Appendix 7b</u> Course Re-validation Overview Template)
 - Module specifications for all new and existing modules (see <u>Appendix 10</u> Proposal for a New Module – Partner Institutions)
 - List of proposed teaching and management staff for the course (see <u>Appendix 13</u> List of Staff)
 - Curriculum vitae for each member of staff
 - Generic documentation (see <u>Appendix 6</u> Generic Documentation for Validation/Revalidation for a full list)
 - Revised Course Handbook

Outcomes

- 11. The re-validating panel may determine that the proposal should be:
 - a) approved without amendment;
 - approved subject to specific conditions, including the dates by which these should be satisfied. (Students cannot be admitted to the course until the conditions set have been satisfied);
 - c) rejected with advice to its originators as to the reasons for doing so.
- 12. If approved, the panel will also determine the period of validation after which the course must be re-validated if it is to continue. This will usually be five years.

9 CHANGES TO COURSES AND POLICIES: VALIDATION PARTNERSHIPS

Introduction

- 1. Following institutional recognition and the validation of a course, the definitive course documentation, including the approved policies, form part of the legally binding contract for the partnership. There must therefore be no changes of any kind to the course or the policies as described in the definitive documents, without the necessary level of approval from the University.
- 2. The University's course and module development processes enable changes to be made to validated provision in light of continuous reflection and enhancement of the curriculum.
- 3. Faculty Education Committees (FEC) are the bodies with responsibility for the approval of major curriculum changes to modules.
- 4. Collaborative Provision Approval Sub-Committee (CPASC) has the responsibility for the approval of major curriculum changes relating to new course developments and new partnerships, as well as the approval of new delivery modes and new course titles.
- 5. This section of the Handbook provides details on the curriculum change and development processes available to Partner Institutions, the timescale governing when changes can be made, and the authorisation that must be obtained before changes may be implemented.
- 6. Changes must be approved in the academic year prior to delivery and allow time for publication to students in advance. Approval cannot be retrospective.

Type of change	Approval authority	Notes	Forms and documents
Major revision of a course	CPASC	If a Partner wishes to change a course so substantially that all stages of the course are affected, then the Partner should submit the revised course to Collaborative Provision Approval Sub-Committee as if it were a new course. This applies even where the title of the award is itself unchanged. Such changes will be treated as new courses and will normally only be introduced for new cohorts. Following CPASC approval, the revised course will then go through the validation process. For any changes due to be implemented in September 2025, partners should submit proposals for major revisions of a course to AQP (Partnership) by 7 th	<u>CPASC New course</u> <u>proposal form</u> Module Forms Existing module specifications Course handbook

Major curriculum changes to courses

		October 2024 for consideration at the	
		November meeting of CPASC.	
Change to a course title	CPASC	A request to change the title of a course is considered to be a major curriculum change.	CPASC Title Change form
		Partners should note that changes are	
		unlikely to be approved for implementation in the middle of a	
		recruitment cycle, where there would be a disruptive impact on existing applicants.	
Changes to	CPASC	A request to change the modes of study	Major change to a
mode of study (full- time, part-		by which a course is offered to students is considered to be a major curriculum change.	<u>course or pathway</u>
time and		Where there is a proposal to offer a	
distance learning)		course by distance learning, then a validation event may be required.	
		For any changes due to be implemented	
		in September 2025, partners should submit proposals for major revisions of a	
		course to AQP (Partnership) by 7 th	
		October 2024 for consideration at the November meeting of CPASC.	
Changes to course structure or course-	FEC	A revision to the structure of the course is considered to be a major change. This includes:	<u>Major change to a</u> <u>course or pathway</u>
level learning		 Revising the credit weighting of a module; 	
outcomes		 Adding or removing an optional strand; 	
		 The removal or addition of core, optional or elective modules. 	
		A revision of the course-level learning outcomes is also considered to be a major change.	
		All of these changes are likely to substantially impact on the experience of students taking the course and so must	
		be carefully managed so as to maintain standards.	
		Proposals to make such changes in time for the next academic year should be submitted to AQP by the indicative date of	
		Thursday 31st October 2024 . Proposals submitted later than this will be	
		considered provided that the Partner Institution complies with all CMA requirements and secures the consent of	
		students impacted by the changes.	

Major curriculum changes to modules

- 7. Definitive elements of modules are those that are approved at the time of validation (or via subsequent modification processes) and are the formal record of the module. Students should have an expectation that the formally approved definitive module will be followed unless the change procedures have been initiated.
- 8. Unless to the advantage of students, and in consultation with them, changes are not normally introduced until the next offering of a module.
- 9. Definitive changes to module elements must be formally recorded. Changes to these elements of the module are classed as major owing to their significant impact upon the experience of students taking the module.
- 10. Major changes to a module comprise the following:
 - Change to module title;
 - Change to module description;
 - Change to credit value and/or level;
 - Change to module learning outcomes;
 - Change to assessment modes;
 - Change to assessment weightings;
 - Change to the breakdown of teaching and learning hours;
 - Change to teaching methods
- 11. Major curriculum changes require approval from the relevant Faculty Education Committee (FEC), via the submission of <u>Appendix 9</u> 'Proposal for a Major Change to a Module or Pathway' form. Submission should follow the workflow outlined in point 32 below. The AQP Office must receive this form, and the final version of the course for consideration at FECs, by **Thursday 31st October 2024**.
- 12. All major curriculum changes must be agreed with the following members of staff whose signatures are required prior to the submission of the form:

From the Partner Institution: Course Convenor; Chair of the highest-level HE committee.

From the University: Partnership Tutor.

- 13. The Partnership Tutor will act as the advocate for the proposed change. Please therefore ensure that the tutor has been involved in the development, or is made aware, of the proposed changes.
- 14. When completing the form, please ensure that the rationale clearly states why the change is sought and how the change would improve the quality of provision.
- 15. Note that the AQP (Partnership) Office may consider a proposal for change to be too fundamental to be approved via FEC, and that the course would then need to be revalidated.

16. The definitive course documentation provided at validation will be updated by the partner, and retained by AQP, to incorporate any changes agreed through this process.

New modules

- 17. Proposals for a new module require approval from the relevant Faculty Education Committee (FEC), via the submission of a 'Proposal for a New Module: Partner Institutions' form <u>Appendix 10</u>. Submission should follow the workflow outlined in point 32 below. The AQP Office must receive this form by **Thursday 31st October** 2024. for consideration at FEC.
- 18. Proposals for a new module must be agreed with the following members of staff whose signatures are required prior to the submission of the form:

From the Partner Institution: Module Convenor; Chair of the highest-level HE committee.

From the University: Partnership Tutor.

- 19. Please ensure that the Partnership Tutor has been involved in the development, or is made aware, of the proposed new module.
- 20. The definitive course documentation provided at validation will be updated by the partner, and retained by AQP, to incorporate any changes agreed through this process.

Minor Changes to Curriculum

- 21. Indicative elements of modules are those that are illustrative of the way in which a module will be offered at the time of validation. They help the validating panel understand the nature of the module as envisaged.
- 22. It is understood that indicative module elements will evolve over time with experience of delivery and as such are subject to change. Changes to these elements of the module are classed as minor owing to their moderate impact upon the experience of students taking the module.
- 23. Even after proposals for minor changes have been approved, the learning outcomes of the module will remain constant, ensuring that students successfully completing the module will still be able to reach the same end point.
- 24. Minor changes to a course or pathway comprise the following:
 - Change to the reading lists;
 - Change to assessment schedules;
 - Change to assessment length.
- 25. Minor curriculum changes to modules require approval by the highest-level HE committee at the Partner Institution.

26. Prior to the partners' highest-level HE committee meeting, the proposed changes must be sent to the Partnership Tutor and AQP (Partnership) Manager for scrutiny.

27. Note that the AQP (Partnership) Office may consider the proposal to constitute a major change requiring FEC approval.

28. The definitive course documentation provided at validation will be updated by the partner, and retained by AQP, to incorporate any changes agreed through this process.

Changes to policies and regulations

- 29. Changes to a Partner Institution's policies relating to validated provision must be approved by the University's Education Committee (UEC) via the submission of <u>Appendix 11</u> 'Proposal for a Change to Policy' form. The documentation must be received by the AQP Office by **Friday 26th April 2024** for consideration at UEC.
- 30. All changes to policy and regulations must be agreed with the following members of staff whose signatures are required prior to the submission of the form:

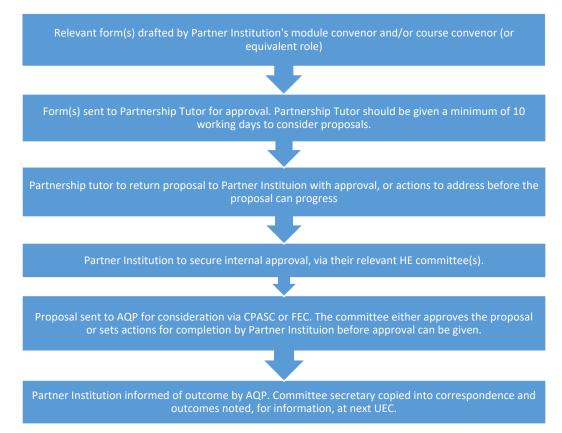

From the Partner Institution: Chair of the highest-level HE committee.

From the University: AQP (Partnership) Manager.

31. Note that policies need to be in place in time for their introduction to a new cohort and cannot be approved for retrospective application to students already on courses without the written permission of all students involved.

Changes to policies and regulations

32. The below represents the process by which major changes to curriculum and new modules should be proposed:

10 ANNUAL MONITORING: VALIDATION PARTNERSHIPS

Annual Course Review

- 1. The University undertakes an annual review of all Sussex-owned courses, including those delivered in collaborative education partnerships, such as dual degrees and franchises.
- 2. The Annual Course Review is a key part of the University's quality assurance and enhancement framework. It provides an opportunity for review, reflection and evaluation of the delivery of a course or group of aggregated courses and the performance of students and allows the University to fulfil its responsibilities for maintaining the quality and standards of its awards.

Partner Annual Monitoring

- 3. Partners delivering taught validated courses do not take part in the Annual Course Review, but instead follow an adjacent process of annual monitoring which provides the same opportunity for review, reflection and evaluation of the delivery of their courses and the performance of their students.
 - 4. The Partner Annual Monitoring process is one of the key mechanisms through which the University can draw on evidence to show ongoing compliance of a number of the Office for Students' ongoing conditions of registration that relate to quality and standard ('B' conditions) and, through consideration by UEC and Senate, provide assurance to Council that these conditions continue to be met for validated provision.
- 5. The Annual Monitoring Report (AMR) template is provided in <u>Appendix 12</u> and comprises qualitative and quantitative data at both institutional and course-level. Partners provide an institutional action plan which builds on the plan provided in the previous year and flags actions that:
 - are aspects of good practice which are considered worthy of wider dissemination;
 - relate to broad matters arising from external examiners' reports;
 - are part of wider enhancement plans being deployed by the course teams (or Schools, where applicable);
 - are issues that need addressing at partner or University level.
- 6. The report is required to be analytical rather than descriptive and to draw upon a range of evidence. Statements should be clearly referenced to supporting evidence.
- 7. The AMR is considered at the yearly Partner Annual Monitoring Review Event (PAMRE), which provides a forum for partners and their peers to review the previous academic year and reflect on areas for enhancement and the sharing of good practice. PAMRE will be held at the University of Sussex on Friday 17th January 2025 for its review of the 2023/24 academic year.
- 8. This event is held in collaboration with external contributors and members of the wider University community. Following the event, developmental feedback is provided to the partner, which is then further considered through Steering Group and operational meetings.

 Academic Quality and Partnerships will provide a report on the outcomes of the Partner Annual Monitoring process to University Education Committee for consideration at its meeting on 5th February 2025.

Formal consideration of the Annual Monitoring Report

AQP, August 2024

11 PUBLICITY AND MARKETING MATERIALS

- 1. The AQP (Partnership) Office will ensure the accuracy of the public information, publicity and promotional activity provided to registered and prospective students on collaborative courses where this pertains to the partner's relationship with the University. In addition, the Publications Office will advise on the correct use of the University's name and logo. Through this approval process the University assures itself of compliance with its obligations under consumer protection law.
- In line with our agreement with Partner Institutions, it is vital that all publicity and marketing materials are sent to both the AQP (Partnership) Office (partnership@sussex.ac.uk) and the Publications Office (publications@sussex.ac.uk) for prior approval. This includes information on:
 - partner websites
 - signage
 - artwork
 - prospectuses
 - student handbooks
 - social media.
- 3. We aim to ensure that material is checked and approved within one week of receipt.

Guidance for using:

The University's Name

4. The University must always be referred to as 'University of Sussex', not 'Sussex University' or 'Sussex Uni' in official documents. After the first mention in the same context, it is acceptable to use 'Sussex'.

Terminology for the partnership

5. When referring to the partners' relationship with the University, the correct terminology should be used:

	The Partner Institution is:	"A full partner of the University of Sussex"
Full partners		"An affiliated partner of the University of Sussex"
Full partners	Courses validated by the University are:	"Validated by the University of Sussex"
	Students on Sussex- validated courses are:	"Affiliate students of the University"
Associate partners	Courses validated by the University are:	"Validated by the University of Sussex"
	Students on Sussex- validated courses are:	"Affiliate students of the University"

6. Note that courses that have been approved by the University's Collaborative Provision Approval Sub-Committee (CPASC) to proceed to validation but are yet to complete the validation process can be publicised with the clause

'subject to validation'.

The University of Sussex logo

- 7. Partners are welcome to publish the University of Sussex logo alongside a partnership mention in line with the terminology specified above. The logo should appear below or alongside the partnership mention where it appears on the website or publication.
- 8. The Sussex logo should not appear as a co-brand or equal brand to that of the partner, e.g. the Sussex logo should not be applied as the main brand or cover brand in marketing literature. Note that associate partners cannot use the University brand at institution-level.
- 9. Please contact the University of Sussex to request the use of the University's logo each time you need it for publication. Please send your request, along with a link or PDF showing the context of the logo's appearance and the format/colour required to: publications@sussex.ac.uk.
- 10. We will aim to respond to logo requests at short notice, but to ensure a response, please allow 7-10 days before your publication deadline.
- 11. The Sussex logo is available in black on a white background, blue on a white background or in white with a clear background that can be placed over any strongly contrasting plain colour.
- 12. We ask that you do not stretch or squash the logo or overlay it with other graphics or photography and please ensure that it always appears in an appropriate resolution for the publishing medium.
- 13. We ask that you do not store copies of the Sussex logo on servers or disseminate it in any way.

Social Media

- 14. Language can be less formal on social media as we can use abbreviations and shorthand, but it is important to retain the partner's branding, sense of identity and to represent the partnership correctly.
- 15. When using social media:
 - tag the University's Twitter (<u>@uniofsussex</u>) and Facebook (University of Sussex) handles
 - use abbreviations in line with the guidance contained in this section of the handbook.

Required to Publish

Competition and Markets Authority

16. The <u>consumer law advice</u> published by the Competition and Markets Authority states that Higher Education providers and Further Education colleges are expected to ensure that students are given the information they need in order to make informed decisions about their study. Prospective students need to be given clear, intelligible, unambiguous and timely information by HE providers so they know in advance what is being offered and can compare different courses and HE providers.

- 17. As part of CMA compliance applicants must be able to make an "informed choice" about their institution and course and must be given material information so that they can reach the best decision about what is right for them. The University must ensure that it delivers what was promised; whilst adjustments and minor variations are permitted, fundamentally students must receive what they were led to expect to receive as a result of engaging with the information made available to them by the institution about the course they have chosen.
- 18. If there are any material changes to what was promised prior to applying for a course via the prospectus information provided by the institution, for example the course structure, degree title, or significant changes to core modules, then the express consent of applicants, offer holders and existing students must be obtained before the changes are implemented.
- 19. Information regarding material changes can be found in **Section 9** of the handbook. Partners can also refer to the 'Database and CMA Handbook' published on the <u>CMA</u> <u>compliance webpage</u>. Partners should note that they should only use templates provided in the AQP (Partnership) section of the website, rather than any templates linked to in the CMA handbook

Unistats / Discover Uni

- 20. The Unistats record is collected to aid prospective higher education students in making a decision about what and where to study. Unistats collection provides comparable information about full or part-time undergraduate courses and contains information that prospective students have identified as most important to inform their decisions about future study.
- 21. This data is then joined to other datasets, such as National Student Survey and Graduate Outcomes, to generate a range of course information. This is published by HESA as open data and included on the <u>Discover Uni</u> website. Discover Uni is a student information website from the Office for Students (OfS) which includes data on graduate outcomes and student satisfaction, as well as advice and guidance.
- 22. The Unistats collection allows providers to resubmit their data at any point during the collection. Providers are required to update their data submissions throughout the year if their course offering changes. Information submitted to HESA in this way will be included in weekly updates to the open data and the Discover Uni website.

12 STAFF AT PARTNER INSTITUTIONS

Staff changes

- It is important that the AQP (Partnership) Office is notified of changes to teaching staff and that CVs of new members of HE staff are provided using the form <u>Appendix 13</u>: List of Teaching Staff. This is required for the University to ensure that new staff members are sufficiently qualified to deliver programmes as validated.
- 2. <u>Appendix 13</u> must be completed by **Monday 2 September 2024**, outlining whether teaching staff are full-time, part-time or sessional staff, and their time commitment to the course (as a percentage). CVs of new members of teaching staff should be attached to the form.

Recruitment and qualifications

3. It is the responsibility of the Partner Institution to recruit, appoint, induct and develop staff to assure the standard of delivery of courses. Teaching staff on validated and franchised courses at Partner Institutions will normally be qualified to a level at least one above the level at which they are teaching and/ or have attained recognition from a professional body at an appropriate level.

Postgraduate Certificate in Learning and Teaching in Higher Education

- 4. The Postgraduate Certificate in Learning and Teaching in Higher Education (PGCertHE) is a professional qualification offered at the University of Sussex and at Partner Institutions (subject to availability). Details can be found at <u>http://www.sussex.ac.uk/adge/enhancement/devawardsrecognition/pgcerthe</u>
- 5. For administrative queries relating to the PGCertHE, and to confirm the fee for 2024/25, please contact Graham Wright in the School of Education and Social Work (gw277@sussex.ac.uk).

Other staff development opportunities

- 6. Organisational Development at the University of Sussex also provides regular development events open to all faculty and staff. An indication of courses on offer is available via https://www.sussex.ac.uk/organisational-development/
- 7. There is occasionally a small charge for Organisational Development courses which you can either book through the AQP (Partnership) Office or directly with Organisational Development (<u>sdu@sussex.ac.uk</u>).

13 EXTERNAL EXAMINERS

Procedures

1. The University's procedures for External Examiners are detailed in the *Handbook on the policy and procedures for external examining of taught courses*. This is the definitive document on external examining at the University and is updated annually. It is available at: <u>http://www.sussex.ac.uk/adge/standards/externalexaminers</u>

Nomination of External Examiners

- 2. Nominations must be submitted on the 'Nomination of External Examiners for Partner Institutions' form in <u>Appendix 15</u>.
- 3. Nominations must be received at least four months before the expiry of the previous examiner's tenure. As stated in the Calendar of Business (**Section 1**), the final date for submission of nominations for 2024/25 is **Wednesday 25 April 2025**.
- 4. We welcome informal discussion of the suitability of an External Examiner before completion of the form. Please be aware that the nomination procedure can be a lengthy one and that, occasionally, a candidate may be unsuitable.
- 5. AQP will inform the Partner Institution once a nominee is approved. The Partner Institution will contact the examiner to induct them into the role.

Appointment of External Examiners

- 6. External Examiners are appointed by the University Education Committee. The principles underpinning the criteria for the appointment of External Examiners are:
 - that External Examiners have knowledge and understanding of UK sector agreed reference points for the maintenance of academic standards and assurance and enhancement of quality;
 - that External Examiners are sufficiently qualified and have sufficient expertise and experience in both discipline-specific and assessment matters;
 - the exercise of objective, impartial and independent judgements about awards made by the University
 - the avoidance of any arrangements which result in undue reliance on the nomination of External Examiners from any one university and arrangements where there is a known conflict of interest.¹
 - that All External Examiners must show evidence that they are legally entitled to work and reside in the United Kingdom. They will be required to use the UK as their main residence throughout their tenure.
 - In the case of retired nominees, retirement must have been within the last five years, and sufficient evidence of current involvement in the subject area is required e.g. via consultancy or visiting lectureships.
- 7. The University is unable to accept applications from those who:
 - have previously been appointed as an External Examiner at the University

¹ Handbook on the policy and procedures for the external examining of taught courses, Academic Quality and Partnerships Office 2024-25.

of Sussex or Partner Institution, <u>unless</u> a period of five years or more has elapsed since the last appointment;

- have been a member of staff or student within the University of Sussex or one of its Partner Institutions within the last five years;
- have any direct interest in or ties to the University or the Partner hstitution;
- hold more than one other External Examiner position, excluding PGR appointments
- are from the same department/unit of the same institution as another current External Examiner.

Reporting Process

- 8. External Examiners submit an annual report to the University using a standard form within six weeks of the final assessment board.
- 9. Each report will be received by the AQP office at the University and an acknowledgement sent to the External Examiner. At this stage, a copy is sent to the Partner Institution. A summary of issues and comments from reports is submitted to the University Education Committee.
- 10. Upon receipt of the report, the Partner Institution then prepares an action plan that addresses each issue raised by External Examiners; giving a clear reason where no action is proposed. The External Examiner's report and the proposed action plan is appended to the Annual Monitoring Report and submitted to the University Education Committee.
- 11. The University Education Committee considers the reports and associated action plans and either endorses them or requests further action.
- 12. The Partner Institution is responsible for writing to External Examiners informing them of the action that has been taken or is planned. A copy of this letter is also sent to the AQP (Partnership) Office.
- 13. AQP is responsible for writing to External Examiners informing them of actions taken or planned in response to institutional-level concerns raised in their annual report.
- 14. In the following year's annual examination board report, the Partner Institution should confirm that all action has been implemented or that the progress of implementation is being monitored.

Fees and payment

- 15. Fee levels are set by each Partner Institution and we recommend that the University's fee payment calculation is used, as described in the *Handbook on the policy and procedures for the external examining of taught courses.*
- 16. Partner Institutions must confirm External Examiners' fees for 2024/25 by **Monday 2 September 2024**.
- 17. The payment of External Examiners' fees is arranged by the AQP office, and these are later recouped from the Partner Institution. This payment is made directly into External Examiners' bank accounts upon receipt of a satisfactory report.
- 18. Payment of expenses is the responsibility of the Partner Institution and External

Examiners should be informed of this when they visit.

Replacement of External Examiners

19. The process for replacing External Examiners at Partner Institutions is outlined in Appendix 14: 'Process for Replacing External Examiners'. The document details the length of the process and the responsibilities of the Partner, AQP Office and the External Examiner.

14 EXAMINATION & RESIT BOARDS

Overview

- 1. Progression and Award Boards (PABs) for partnerships make progression and award decisions for partner students taking assessment during the 2024/25 academic year and refer to the student assessment regulations specific to each partner that have been approved by University Education Committee.
- 2. Module Assessment Boards (MABs), or unit boards, consider cohort performance on modules within their remit and assure marks. Partners may opt to hold separate or combined MABs and PABs depending on the size of their cohorts.

Organisation of examination and resit boards

- 3. The examination boards for Sussex courses delivered through TNE are organised and serviced by Sussex colleagues, with membership comprising representatives both from Sussex and from the partner. The examination board will be chaired by a senior member of University faculty nominated by the University Education Committee. An observer from the AQP office will attend.
- 4. Examination boards for validation partnerships are organised and serviced by the partner institution and, where any Sussex awards are being made, are chaired by a senior member of University faculty nominated by the University Education Committee. Progression-only exam boards may be chaired by a senior member of faculty at the partner institution. An observer from the AQP office will attend.
- 5. The terms of reference for partner exam boards will be aligned with Sussex terms of reference. Partners may run their own papers for the boards or adapt the University's papers for their own boards.
- 6. Guidance for exam boards is provided by the AQP office, liaising with the Academic Regulations Manager.
- 7. Clashes with the University's own exam boards should be avoided in order for senior faculty to attend. The exam boards for 2024/25 will be held as follows:
 - PAB (finalist) Wednesday 4th & Thursday 5th June 2025
 - PAB (PGT main) Wednesday 2nd or Thursday 3rd July 2025
 - PAB (progression) Wednesday 18th or Thursday 19th June 2025
 - PAB (UG resit) Wednesday 27th or Thursday 28th August 2025

Dates, composition and membership of examination and resit boards

- 8. For each examination board partners must provide:
 - a. the date and time of the board;
 - b. the composition of the board (i.e. the role of the members such as Chair, Deputy Chair, External Examiner);
 - c. the terms of reference for the board;
 - d. the list of members, indicating alongside their name the role they play in the composition of the examination board.

- 5. This information is to be received by the AQP Office by **Monday 2 September** 2024.
- 6. The composition of the examination board must be consistent with that approved in any validation or institutional recognition documents; alternatively, a brief rationale should be provided to propose alterations.
- 7. It is good practice for exam board members not to be involved in Misconduct Panels or the consideration of academic appeals pertaining to that board.

Annual examination board reports

8. The examination board report, External Examiner reports and the associated action plans are incorporated into the main Annual Monitoring Report (<u>Appendix 12</u>) which is considered at the March meeting of the University Education Committee.

15 CERTIFICATES, TRANSCRIPTS, GRADUATION & REPLACEMENT CERTIFICATES

Production of Award Certificates

- 1. The University is responsible for producing award certificates for students on validated courses at its Partner Institutions and does so following the receipt of the relevant Pass Lists and certificate spreadsheet.
- 2. It is good practice for Pass Lists and spreadsheets to be sent to the AQP office within a couple of days of the Examination Board. These documents must be thoroughly checked for accuracy before they are sent to AQP in order for the certificates to be produced correctly and on time.

Pass Lists

- 3. The Pass List is a legal document that indicates the successful completion of a degree. Pass Lists are confidential and not published to students.
- 4. The AQP (Partnership) Office is responsible for having the Pass Lists signed by the Chair of the Exam Board, and the Chair of the University Education Committee. In the case of undergraduate and postgraduate degrees, pass lists are also signed by the Vice-Chancellor or their nominee (who thereby confers the degree).
- 5. When submitting the Pass Lists, <u>Appendix 16</u>: Pass List Template should be used.

Spreadsheets

- 6. The Spreadsheets contain information on the candidate including their name, title, date of birth, sex, attainment and programme award title. Information on the spreadsheets is transferred directly onto the certificates.
- Appendix 17: Instructions for Completion of Certificate Spreadsheets and <u>Appendix 18</u>: Template for the Production of Degree Certificates should be used to produce the spreadsheets.
- 8. Examples of completed spreadsheets can be found in <u>Appendix 19</u>: Spreadsheet Proforma for the Production of Degree Certificates.

Diploma Supplements (Transcripts)

- 9. For students on **validated courses**, the issuing of diploma supplements (transcripts) is the responsibility of the Partner Institution. These should be issued to graduands (and other award holders) shortly after the final examination boards as they are often necessary for graduands to prove their attainment to other educational institutions and employers.
- 10. For students on **franchised courses**, transcripts are issued by the University. Partner Institutions do not need to take any action.
- 11. The format and content of diploma supplements is clearly set out by the European Commission at https://ec.europa.eu/education/diploma-supplement_en

This includes links to diploma supplement examples. Please be aware that the 'additional information' issued by NARIC, and required as an attachment to the main pages of the diploma supplement, is updated from time to time.

- 12. Please contact the AQP (Partnership) Office if you would like to see a copy of the University's diploma supplement and for updated NARIC information.
- 13. The Partner Institution must keep records to allow the issuing of duplicate diploma supplements on request at a nominal cost. As a guide, the University charges £20 for a duplicate transcript, including postage, plus an additional £2 for each additional copy ordered at the same time.

Replacement Certificates

- 14. Replacement and duplicate certificates can be issued to students upon receipt of a request via the University of Sussex website <u>here</u> and online payment of £40 (plus £35 DHL courier charge for overseas delivery). Students contacting their institution to request a replacement certificate should be directed to the above link.
- 15. The replacement certificates bear the signature of the current Vice-Chancellor of the University of Sussex and that of the CEO, Principal or equivalent role at the partner institution. Electronic signatures are used on the certificates.

Award Ceremonies & Graduation

- 16. Please consult with the AQP (Partnership) Office before setting dates of graduation/award ceremonies for your institution so that the attendance of senior University staff members can be requested.
- 17. These are the published dates for the University's winter and summer graduations:

2025

Winter Graduation: 20th – 24th January 2025

Summer Graduation: 21st – 25th July 2025

2026

Winter Graduation: 19th – 23rd January 2026 (TBC)

Summer Graduation: 20th – 24th July 2026 (TBC)

16 COMPLAINTS AND APPEALS FOR STUDENTS ON PROGRAMMES VALIDATED BY THE UNIVERSITY

1. Partners are requested to submit the latest version of their student complaints and appeals regulations to the Partnership Office at the start of each academic year. This will be shared with the Office for Student Complaints, Conduct and Funding (SCCF), which coordinates the review into complaints and appeals submitted by students on courses at partner institutions.

Complaints

- 2. The complaints procedures for each of the University's partner institutions are provided at <u>https://www.sussex.ac.uk/adqe/partnerships/affiliatedstudents</u>. Students on courses at partner institutions must initially follow their own institution's complaints procedures.
- 3. The partner institution has responsibility for Level 1 (early resolution at the local level) and Level 2 (formal stage) of the complaints procedure.
- 4. A student who has exhausted the partner institution's procedure and remains dissatisfied may be eligible to invoke the University's complaint review procedure at Level 3. The partner institution will inform a student of the right to escalate a complaint to the University, where appropriate.
- 5. A student can request a review by filling in the <u>partner institution complaint review</u> <u>form</u> within 21 days of receiving the formal complaint outcome, which will confirm the completion of the partner institution's procedures.
- 6. The University will only review complaints that raise specific concerns about matters directly affecting:
 - 1. the quality of a student's learning opportunities and/or
 - 2. the academic standards of its awards.
- 7. This could be the delivery of teaching and learning or its associated resources (e.g. library provision).
- 8. The University will not become involved if a complaint covers other aspects of a student's experience or relates to the Partner Institution's services. For example, these might be concerns about pastoral provision, accommodation, or finance.
- 9. If the complaint is not eligible to be considered by the University, the student will be advised to pursue their complaint further with the partner institution.
- 10. In order to ensure timely consideration of complaints, partners are asked to notify the University of all complaints at Level 2 that meet the criteria for the University to be involved at Level 3.
- 11. All Level 3 reviews are conducted by the Director for the Student Experience. If, after considering a complaint at Level 3 against the criteria set, the Director for the Student Experience decides to undertake further investigation, s/he will consult senior officers at the Partner Institution as well as the University's Academic Quality and Partnerships Office.

Academic Appeals

- 12. Students on courses at partner institutions who wish to appeal an assessment outcome must initially follow their own institution's appeals process. The appeals procedure for each partner institution can be found at https://www.sussex.ac.uk/adqe/partnerships/affiliatedstudents
- 13. A student who is dissatisfied with the outcome of the appeals process may be able to ask for the decision to be reviewed by the University. The partner institution will inform a student of the right to escalate a complaint to the University, where appropriate.
- 14. The University will not review issues relating to academic judgement as these are not subject to appeal.
- 15. Students must request a review within 21 calendar days of receiving the formal outcome of their appeal from the partner institution, using the <u>partner institution</u> <u>appeal review form</u>.
- 16. If the case is subject to review by the University, the Director for the Student Experience will consider whether the Partner Institution's academic appeals procedure has been correctly and fairly applied.
- 17. The University will provide the student with a Completion of Procedures letter once its review is completed. This letter will set out the issues that have been considered and the University's final decision.

Independent Review

- 18. The Office of the Independent Adjudicator for Higher Education (OIA) provides an independent scheme for the review of university student complaints and appeals.
- 19. A student who is dissatisfied with the University's review outcome may be able to apply for a review of their complaint or appeal by the OIA, provided that their complaint is eligible under its rules.
- 20. Students should submit an <u>OIA Complaint Form</u> within 12 months of the date of their Completion of Procedures letter.

17 ENHANCEMENT AND ENGAGEMENT

Partnership Tutors

- 1. A Partnership Tutor is identified by the cognate Faculty within the University for each Partner Institution. Note that some partners offer courses across a range of subject areas and so may have more than one cognate Faculty.
- 2. The role of the Partnership Tutor is to provide academic input, acting as a critical friend to the relevant course team(s) at the partner. The role descriptor for the Partnership Tutor is included as <u>Appendix 5</u>.

Partner Network Events

- 3. Partner Network Events are organised by the Partnership Office to provide a forum in which all of our partners have the opportunity to meet one another and discuss relevant and current issues. They also provide an opportunity to meet other University of Sussex colleagues with whom staff at Partner Institutions may not come into contact on a regular basis.
- 4. The next Partner Network Event will take place in person at West Dean College in Spring 2025.
- 5. Partners are encouraged to suggest themes for future events in order to ensure they remain valuable and interesting. Speakers may be University staff, members of our partner colleges or external contacts.
- 6. The events aim to foster a real sense of a network between the University and all the Partner Institutions, and we encourage a variety of teaching and support staff to attend.

Partner Annual Monitoring Review Event (PAMRE)

- 7. PAMRE is an annual one-day event organised by the AQP (Partnership) Office which focuses on enhancing Partners' education provision through the consideration of Annual Monitoring Reports. The event is held in collaboration with external contributors and members of the wider University community. Following the event, developmental feedback is provided to the partner.
- 8. Partners should use the latest Annual Monitoring template which will be provided on the University's website at <u>https://www.sussex.ac.uk/adge/partnerships/handbook</u>.
- 9. The next Partner Annual Monitoring Review Event takes place at the University of Sussex on **Friday 17**th **January 2025.**

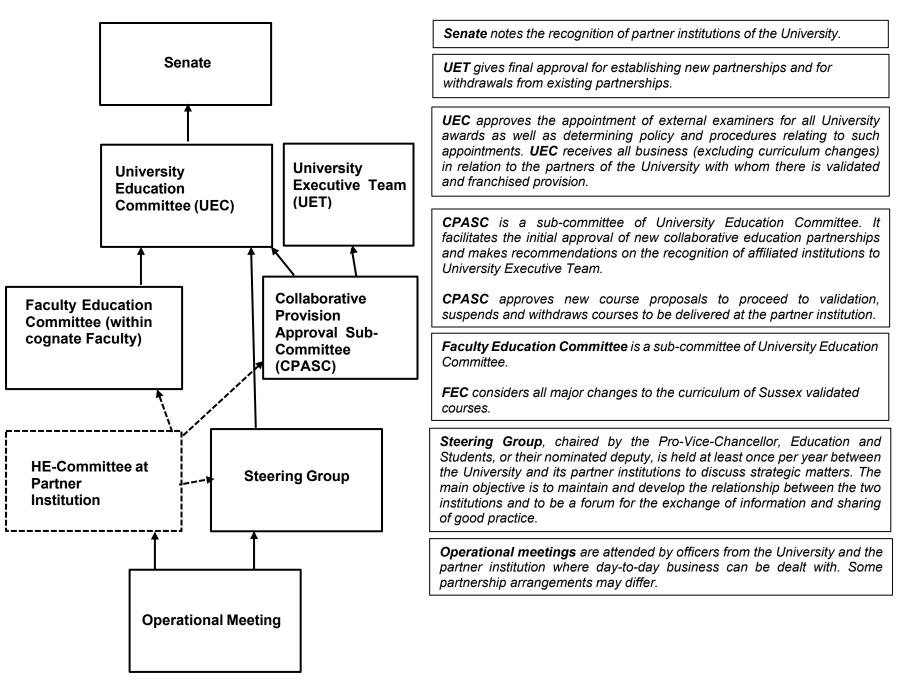

Student Representatives

- 10. Student representatives are a very important part of the quality assurance process. Partner Institutions are reminded of the need to ensure that there is student representation on all relevant committees. These representatives may be elected by their peers and should be trained and supported appropriately.
- 11. The University of Sussex Students' Union provides guidance on the role and training of Student Representatives on its website: <u>http://www.sussexstudent.com/student-reps/</u>

18 FEES AND CHARGES FOR THE ACADEMIC YEAR 2024/25

1. Fees and charges are set out in the Partnership Agreement between the University and the Partner Institution.

APPENDIX 1: ACADEMIC GOVERNANCE ARRANGEMENTS FOR VALIDATION PARTNERSHIPS

Appendix 2: Approval Process for New Collaborative Provision Partnerships (UK and TNE)

	Approval Stages	Description	Outcome
Generation of	Outline approval	Proposal submitted to Global and Civic Engagement Committee (GCEB) and University Executive	UET decision
Idea		Team (UET) for initial approval to invest resources into further development.	
		TNE proposals will be coordinated through the TNE Steering Group.	
	CPASC Stage 1	Initial academic plan received by Collaborative Provision Approval Sub-Committee (CPASC),	CPASC decision -
		includes:	proceed to Stage 2
		i. Assessment of strategic alignment	
Academic Case		ii. Outline academic case	
[]		iii. Initial due diligence report	
		iv. International Business Development Research Report (for TNE only)	
		v. Where new courses are being proposed:	
		 Collaborative Provision Approval Committee (CPASC) Stage 1 form for new 	
		Sussex courses, or	
		 New course proposal form for Validation Partnerships 	
	CPASC Stage 2	Detailed academic plan received by CPASC, includes:	CPASC decision –
		i. Response to Committee comments at Stage 1	proceed to outline
		ii. Course structure - who will deliver each module, where and by what means	business case and
		iii. Finance report	commence Institutional
		iv. Resources required to deliver partnership	Recognition and Course
		v. Where new UoS courses are being proposed:	Validation
		CPASC Stage 2 form	
Business Case	UET (outline case)	UET receives:	UET decision –
i	, , , , , , , , , , , , , , , , , , ,	i. CPASC recommendation	proceed to outline
		ii. Full due diligence report	business case
		iii. Outline business case	
	UET (full case)	UET receives full business case (including reports of site visits)	UET decision to approve
Quality Assurance	Institutional Recognition	Institutional recognition proceeds, following already established mechanism	CPASC decision to approve
	Course Validation	Validation of any new courses proceeds, following already established mechanism	UEC decision to approve
Final Approval			

Final Approval

APPENDIX 3: RECOGNITION OF A PARTNER INSTITUTION¹

For an institution to be approved as suitable for the delivery of courses leading to awards of the University, a full risk assessment will be carried out by the Recognition Panel based on a) the submission from the prospective partner providing evidence and contextual evaluation addressing the issues set out below, b) documentary evidence of formal institutional policies and procedures and c) the recognition event.

It may be that some of the documentation required already exists, whereas other documents may need to be written specifically. It is important that documents demonstrate the extent to which the partner organisation can operate at a level appropriate to the delivery of higher education and interact properly with the awarding institution in the assurance of academic standards.

The documentation should be laid out addressing the following areas:

1. **REPUTATION AND STANDING OF THE PROPOSED PARTNER**

The University must be satisfied of the good standing of the prospective partner and of its capacity to fulfil its designated role in the arrangement. Information and evidence which the prospective partner should provide should include (but not be restricted to):

- Information regarding the legal status of the institution and legal jurisdiction in which the partnership agreement will apply
- Details of its capacity in law to contract with the University
- Information on partnerships with other HEIs in the recent past
- Copies of external audits / reviews over the last three years
- Details of the institution's adherence to anti-corruption, anti-bribery and ethical business policies and legislation, including the Bribery Act 2010, Consumer Rights Act 2015, Modern Slavery Act 2015, Data Protection Act 2018, and Prevent Duty.

2. COMPATIBLE AND COMPLEMENTARY EDUCATIONAL OBJECTIVES WITH THE UNIVERSITY

The Panel must establish whether the missions and educational objectives of the two institutions are compatible. The prospective partner must provide:

- The mission statement
- The current strategic plan
- Prospectus
- Range of existing courses
- The size and nature of the student body
- The number and nature of teaching and other staff
- Details of any external requirements, such as PSRBs and in-country regulatory requirements, with which the course and/or students will have to comply.

3. FINANCIAL STABILITY

The University must be satisfied that the prospective partner is financially stable. The prospective partner must provide:

¹ Guided by the UK Quality Code for Higher Education.

- Information on how the institution is financed
- Proof of continued solvency
- Privately funded organisations should provide bankers' references and published accounts for the last three years
- Partners receiving funding from the Office for Students should provide audited accounts for the same period

4. EFFECTIVE MANAGEMENT AND ADMINISTRATIVE SYSTEMS

The Panel must assess whether there are effective and accountable management systems and whether appropriate administrative infrastructures are in place to support the delivery of courses leading to the University's awards. The prospective partner must provide information to address the following:

- What management structure is in place (giving details of the roles and responsibilities of officers)?
- What organisational and academic structures are in place?
- What is the committee structure (details of constitution and terms of reference)?
- Where does responsibility lie for the admission and induction of students and for the keeping of student records? Is there adequate administrative support for these functions? What systems are in place to ensure equality of opportunity within the admissions process?
- Who has the responsibility for the organisation of the assessment of students? Is the administrative support adequate?
- Are there reliable, accurate and systematic arrangements for recording marks and confirming student results?
- What are the arrangements for the conduct and invigilation of examinations and are they consistent with University principles?
- What are the arrangements for data collection and are they adequate for the University's requirements?
- Is there a student protection plan?

5. ETHOS AND ENVIRONMENT FOR TEACHING AND LEARNING APPROPRIATE TO HIGHER EDUCATION

The Panel must assess whether there is an ethos and environment appropriate to higher education. The following information should be supplied at a minimum:

- Is there a Teaching and Learning strategy and how has its implementation been monitored and evaluated?
- Are all students provided with the support they need to succeed in and benefit from higher education?²
- Research and / or consultancy opportunities for staff.
- Equal opportunity and diversity policies.*
- Safeguarding policy.

6. APPROPRIATE RESOURCES TO SUPPORT HIGHER EDUCATION COURSES

The Panel must ensure that the prospective partner has sufficient and appropriate resources to deliver a high-quality academic experience. The prospective partner should provide evidence to address the following issues:

- Are there sufficient appropriately qualified and skilled staff to deliver the existing and proposed portfolio?^{3 4}
- Under what form of contract are staff employed?
- What are the arrangements for induction, appraisal, promotion and staff development?
- What arrangements are made for the training of staff new to teaching?
- What are the grievance, harassment and disciplinary procedures for staff?
- Is there appropriate technical and administrative support available?
- Are there sufficient and appropriate facilities (including teaching accommodation), learning resources (including Library and IT provision) and student support services to deliver a high-quality academic experience? ⁵
- What social facilities are there for HE students?
- What are the services in place for students in relation to welfare, counselling, CEIG (career education, information and guidance) and students with disabilities?
- What arrangements are in place for academic support and personal tutoring?
- Is there an overall strategy for the deployment of learning resources?
- How are resources allocated?

7. QUALITY ASSURANCE AND ENHANCEMENT PROCESSES

The Panel must assess the appropriateness of the quality assurance and quality enhancement processes. The prospective partner should describe and provide evidence on the following:

- How the organisation has engaged with the UK Quality Code for the assurance of academic quality and standards in higher education. Mapping documents should be provided indicating how institutional practices relate to the expectations and core practices of the Quality Code.
- What is the process for course and module approval?
- What are the annual monitoring procedures?
- What are the periodic review procedures?
- What are the processes for student evaluation and engagement in the quality of their educational experience? ⁶
- How is student progression monitored?
- What are the external examining arrangements* nomination procedures, induction, involvement in assessment?
- Are there effective mechanisms for the review of assessment regulations?
- How does the institution set, maintain and develop its academic standards?

⁴ The expectation is that any staff who contributes in a substantial way to the teaching on courses approved on a franchised or validated basis would normally be qualified to a level of at least one above the level at which they are teaching, or have attained recognition from a professional body, at an appropriate level.

8. **REGULATORY FRAMEWORK AND ACADEMIC POLICIES AND PROCEDURES**

The Panel must assess whether there is an appropriate regulatory framework in place together with academic policies and procedures. In key areas these must be consistent with University principles. The prospective partner must provide the following information and documents:

- Admissions policies and procedures*
- Assessment policies and procedures*
- Examination board regulations; procedures for appointment of boards
- Misconduct and plagiarism policies and procedures*
- Grievance, harassment and disciplinary procedures for students*
- Induction policy and procedures
- Complaints and appeals procedures*
- Any regulatory requirements in the country of planned delivery with which the course and/or students will have to comply, if appropriate
- Details of any PSRB accreditation being sought, if appropriate
- Policies on promotional materials
- Information and handbooks given to the students

Policies marked with * should be consistent with the University's normal principles and relate to the UK Quality Code as appropriate.

ACADEMIC DEVELOPMENT & QUALITY ENHANCEMENT OFFICE (PARTNERSHIP) APPENDIX 4: NEW DELIVERY CENTRE: ASSURANCES

Institutional Recognition theme	Specific assurance required	Documentary evidence	Acceptability
Effective management and administrative systems	What management structure is in place at this delivery centre (giving details of the roles and responsibilities of officers)?	Organisational chart	
	What organisational and academic structures are in place at this delivery centre?	Organisational chart	
	How does this delivery centre feed into the partner institution's existing committee structures?	Governance chart	
	What are the arrangements for data collection and are they adequate for the University's requirements?		
Ethos and environment for teaching and learning appropriate to higher education	How does the Partner Institution ensure that delivery from this centre is aligned with its Teaching and Learning strategy and how will this be monitored and evaluated?	Governance chart (including quality assurance) Teaching and Learning Strategy	
	Are the same opportunities available at this delivery centre for staff to conduct research and / or consultancy?	Staff development policy	
	Do the same equal opportunity and diversity policies apply in this delivery centre?	Equal opportunity and diversity policies	
Appropriate	Material Resources:		
resources to support higher education courses	Is the teaching and learning accommodation appropriate for delivering the existing and proposed course portfolio?	Learning resources strategy	

	Are the Library and IT provision appropriate to HE for staff and students?	Learning resources strategy	
	What social facilities are there for HE students?	Learning resources strategy	
	What services are in place for students in relation to welfare, counselling, careers information and students with disabilities?	Learning resources strategy	
	Overall, is this a safe working environment for students and staff?	Learning resources strategy	
	Human resources:	1	
	Is there sufficient academic/professional capacity within the delivery centre to deliver learning and teaching for the existing and proposed course portfolio?	Staff recruitment and development policy	
		Staff CVs	
	Under what form of contract are staff employed?	Summary/overview of staffing contracts	
		Staff CVs	
	Is there appropriate technical support available?	Staff CVs	
	 Is there adequate administrative support for the: admission and induction of students 	Staff recruitment and development policy	
	 keeping of student records and recording marks assessment of students conduct and invigilation of examinations 	Staff CVs	
Policies and regulations	Confirmation that policies and regulations affecting students and staff are consistent at institution-level and that there are no unique arrangements for this delivery centre.		YES/NO

ACADEMIC QUALITY & PARTNERSHIPS OFFICE

APPENDIX 5: PARTNERSHIP TUTOR ROLE DESCRIPTION

Purpose of role: Partnership Tutors act as the liaison point between their School and subject specialists at their allocated Partner Institution. They act as critical friends during course development and as controls on quality and alignment with University policy and practice during delivery of the course. This complements the role played by External Examiners and allows us to ensure that standards are properly upheld for students studying on Sussex-validated courses. Partnership Tutors may not always have the in-depth subject knowledge to fully support curriculum development of Sussex-validated courses at the Partner Institution, but they will co-ordinate provision of this expertise by their School, liaising with the Director of Teaching and Learning or Head of School as appropriate. In support of the goals described, Partnership Tutors may be asked to attend committees, working groups, or other events connected to their Partner Institution's activities and to read associated documentation.

Appointed by: Partnership Tutors are appointed by their Head of School; the course(s)/pathway(s) covered by their role will be determined in consultation with AQP.

Appointment commencement period: 1st September to 31st July.

Tenure: Minimum 2 years.

Indicative time commitment: 0.1 FTE.

Letter of appointment: Upon appointment Partnership Tutors will receive a letter from AQP laying out their duties in more detail and identifying their counterpart in the Partner institution. Precise duties will differ depending on the course(s)/pathway(s) Partnership Tutors have responsibility for or the nature of the Partner Institution they will be working with. These differences will have previously been outlined by AQP to the Heads of School to enable them to make the most appropriate appointment to the post.

Point of contact: AQP will keep in contact with Partnership Tutors throughout their tenure to clarify the role, answer any queries they have, and to update them on relevant information or invite them to meetings. Whilst Partnership Tutors (or their nominee) act as subject specialists as regards partner's course development, AQP Managers will act as more generic academic advisers.

Handover: It is hoped that the outgoing Partnership Tutor will arrange for a handover to the new Partnership Tutor to enable learning gained from year to year to be preserved and to better help the new Partnership Tutor adapt to their role.

Remuneration: Schools receive £5000 per Partnership Tutor. This compensates the School for the time the Partnership Tutor spends on work related to the Partner Institution.

Unavailability: In the event that a Partnership Tutor will be unexpectedly unavailable during a time that they are required to undertake activities with their Partner Institution they should notify their line manager who should then notify AQP and liaise with their Head of School to find a suitable temporary replacement.

Role reports into: Each Partner Institution has a University Steering Group overseeing its activity. Partnership Tutors' reports and feedback will be discussed at these, but the nature

and scope of the Partnership Tutor role is ultimately overseen by the University Education Committee.

Illustrative Partnership Tutor Activities (not an exhaustive list):

- Advocating for partner curriculum changes at School Education Committee
- Reading the relevant sections of partner's Annual Monitoring Report to provide feedback to AQP
- Meeting with staff and students at the Partner Institution at least once a term, ensuring that the conditions of (re)validation are being carried out and that staff are up-to-date with subject/sector developments and training
- Providing an annual report on the Partner Institution's activities in relation to the course(s)/pathway(s) overseen to identify best practice or areas requiring development
- Available as a Steering Group member
- Available to attend Board of Study meetings
- Available as panel member for (re)validations
- Available as reader of a partner's full Annual Monitoring Report

ACADEMIC QUALITY & PARTNERSHIPS OFFICE

APPENDIX 6: GENERIC DOCUMENTATION FOR VALIDATION / RE-VALIDATION

All procedures and regulations must take account of the appropriate sections of the QAA Quality Code for the assurance of academic quality and standards in higher education.

	Generic Documentation	Check List
1.1	Admissions policies and selection processes	
1.2	Assessment regulations, including:	
	the requirements for progression from one stage of the course to the next	
	arrangements for compensation and condonement	
	regulations on reassessment, which must include:	
	 a requirement that the reassessment of a candidate for an award must normally take place within the maximum period of registration the number of opportunities for reassessment at each stage of the course 	
	- the marks to be carried forward	
	- any effect upon credit	
	the policy and procedure for addressing mitigating circumstances	
	the policy and procedure for addressing late submissions	
	the policy on anonymous marking, arrangements for double marking or other forms of verification	
	arrangements for intermission	
	the policy and procedure for dealing with plagiarism, collusion and misconduct	
	the proportion of work seen by External Examiners	
	 the terms of reference and composition of the examination board, including the minimum number of External Examiners 	
	the award criteria	
1.4	Teaching and Learning policy	
1.5	Annual monitoring procedures	
1.6	Procedures and methods to monitor, reflect on and develop courses with input from stakeholders, particularly students	
1.8	Arrangements for academic support and guidance and the oversight and formal monitoring of student progress	

1.10	Pastoral support	
1.11	Opportunities for personal development planning (e.g. skills/careers)	
1.12	Inclusive pedagogical approaches to support all students and address needs of students with protected characteristics	

ACADEMIC QUALITY & PARTNERSHIPS OFFICE

APPENDIX 7a: COURSE VALIDATION OVERVIEW TEMPLATE – PARTNER INSTITUTIONS

The Partner Institution should submit the **compiled set of final course documentation** as listed below to the Validation Secretary at **least 6 weeks before the date** set for the Validation Panel.

Please note that **draft paperwork should be submitted 8 weeks ahead of the validation date**, to allow time for University colleagues to review the paperwork and meet with course teams to provide feedback.

- Completed Validation Overview document
- Module specifications for all new and existing modules (see **Appendix 10** *Proposal for a New Module Partner Institutions*)
- List of proposed teaching and management staff for the course (see **Appendix 13** *List of Teaching Staff*)
- Curriculum vitae for each member of staff
- Generic documentation (see **Appendix 6** Generic Documentation for Validation/Revalidation for a full list)
- Course Handbook

SECTION A: KEY DETAILS	
Partner	
Full title (as approved by CPASC) and award of the course	
Academic year of introduction	
FHEQ Level (for the Final Award)	
Name of Course Leader	
Maximum period of registration	
Entry criteria	
Exit awards (see <u>guidance</u> document)	

SECTION B: Narrative of course pedagogical vision and practice (Max 1500 words)

Use the prompts in the <u>guidance</u> to provide a full account of the pedagogy and strategic vision underpinning the course and module design. While you do not need to use the subheadings, it is important that you address each of the areas in your narrative:

SECTION C: COURSE	STRUCTURE				
FULL TIME - YEAR 1					
Module Title	FHEQ Level	Credit weighting	Core or Option	New or existing	If there are option groupings, please detail these
SEMESTER 1					
SEMESTER 2					
FULL TIME – YEAR 2

		YEAR 1	, SEMESTER 1		
	YEAR 1, SEMESTER 2				
		YEAR 2	SEMESTER 1		
	YEAR 2, SEMESTER 2				
Total credits for this course should equal 180					

SECTION D: COURSE AIMS

Course aims

Course aims are broad statements which summarise the overarching goals and intentions of the course. The course aims should address the purpose of the course and what it is trying to achieve, as well as the intended benefits for students.

Use the guidance to complete this section

It is recommended that you provide 3-5 course aims in a concise bullet point format.

This course aims to:

CA1	
CA2	
CA3	
CA4	
CA5	

SECTION E: COURSE LEARNING OUTCOMES

Use the prompts in the guidance to complete this section

It is recommended that the Learning Outcomes encompass the following skills: Cognitive Skills, Practical Skills, Transferable Skills and Professional Competencies.

The recommended minimum/maximum number of learning outcomes is 8-10 for PGT and 10-14 for UG courses.

By the end of the course, a successful student should be able to:

LO1	
LO2	
LO3	
LO4	
LO5	
LO6	
LO7	(Please add additional rows for further learning outcomes as necessary)

For any award(s) associated with this course (e.g. PGDip or PGCert) please state the related learning outcomes below, creating a new list for each award.

Learning outcomes are required for entry awards and for named exit awards (where the exit award title is different to the main award title) only.

See the guidance document for help completing this section.	
By the end of the course, a successful student should be able to:	
L01	
LO2	
LO3	
LO4	(Please add additional learning outcomes as necessary)

SECTION F: Course Learnir	SECTION F: Course Learning Outcomes Map

SECTION G: COURSE REGULATIONS

Please give details of any course-specific criteria for the award.

Please note that all requests for a derogation from the University of Sussex Examination and Assessment Regulations must be submitted to AQP for approval by the Chair of University Education Committee, and cannot be approved by the validation panel. Consult with AQP before submitting the validation paperwork if you have any questions.

SECTION H: ACCREDITATION AND PSRB

Use the prompts in the guidance to complete this section, if relevant

SECTION I: LEARNING, TEACHING AND ASSESSMENT STRATEGY

Use the prompts in the <u>guidance</u> to provide a full account of the pedagogy and strategic vision underpinning the course and module design.

While you do not need to use the subheadings, it is important that you address each of the areas in your narrative:

SECTION M: STUDENT EXPERIENCE AND ENHANCEMENT (Max 1000 words)

Use the prompts in the <u>guidance</u> to provide a full account as to how the pedagogy and strategic vision underpinning the course and module design provide students with opportunities for engagement and enhancement and the development of a cohort identity.

While you do not need to use these subheadings, it is important that you address each of these areas in your narrative:

ACADEMIC QUALITY & PARTNERSHIPS OFFICE

APPENDIX 7b: COURSE REVALIDATION OVERVIEW TEMPLATE – PARTNER INSTITUTIONS

The Partner Institution should submit the **compiled set of final course documentation** as listed below to the Validation Secretary at **least 6 weeks before the date** set for the Validation Panel.

Please note that draft paperwork should be submitted 8 weeks ahead of the validation date, to allow time for University colleagues to review the paperwork and meet with course teams to provide feedback.

- Completed Revalidation Overview document
- Module specifications for all new and existing modules (see <u>Appendix 10</u> Proposal for a New Module – Partner Institutions)
- List of proposed teaching and management staff for the course (see <u>Appendix 13</u> List of Staff)
- Curriculum vitae for each member of staff
- Generic documentation (see <u>Appendix 6</u> Generic Documentation for Validation/Revalidation for a full list)
- Revised Course Handbook

SECTION A: KEY DETAILS	
Partner	
Full title and award of the course	
Academic year of introduction	
FHEQ Level (for the Final Award)	
Name of Course Leader	
Maximum period of registration	
Entry criteria	
Exit awards (see <u>guidance</u> document)	

SECTION B: Reflective and evaluative review of the course (Max 1000 words)

Please use the prompts below to provide a full account of the course as it has been delivered to date. While you do not need to use these subheadings, it is important that you address each of these areas in your review:

Course overview

- Assessment of the quality of the course in operation as demonstrated, for example, by student achievement
- The rationale for any modifications that have been made to the course since validation
- Problems encountered in delivering the course as originally planned and strategies that have been used to overcome the problem
- o External developments that may have affected the course
- A review of course management
- Statistical data, to include for each year of the course's operation on a cohort basis:
 - target numbers
 - number of applications
 - number of enrolments
 - entry qualifications
 - withdrawal rates
 - progression
 - first destination data
 - analysis and discussion of the data.

Enhancement

- The results of student evaluations of the course during the period of validation and subsequent action taken by the partner
- External Examiner Reports for the period of validation, University comments on them, and responses sent to external examiners
- o The strengths and weaknesses of the course as perceived by staff, students and external examiners
- o Any external review or employer reports and the responses to them
- o The institution's responses to the University's commentary on annual monitoring reports

Resources

- o Identified shortfalls in the provision of resources and methods by which these might be overcome
- The need for further staff development in particular areas and how this will be addressed.

SECTION C: Summary of proposed changes (Max 1000 words)

Please provide a summary of proposed modifications to the course with the background and rationale for any changes.

Where appropriate, include examples of student work.

Appendix 7b

GUIDANCE FOR PARTNERS COMPLETING THE VALIDATION OVERVIEW

The Partner should submit the compiled set of course documentation to the Validation Secretary at **least 6 weeks before the date** set for the Validation Panel.

Please note that **draft paperwork should be submitted 8 weeks ahead of the validation date**, to allow time for University colleagues to review the paperwork and meet with course teams to provide feedback.

This guidance does **not** need to be submitted.

SECTION A: KEY DETAILS	
Partner	Name of partner institution
Full title (as approved by CPASC) and award of the course	This should be the title as approved by CPASC.
Academic year of introduction	Give the first academic year that the course is expected to run
FHEQ Level (for the Final Award)	For Masters this is Level 7, for Bachelors this is Level 6, for FdA this is Level 5
Name of Course Leader	Give the name of the Course Leader/Director
Maximum period of registration	Give the maximum period of registration permitted for this course in your institution's regulations
Entry criteria	Complete this section using the information from the CPASC New Course Proposal (Validation Partnership) or Stage 2 (TNE) proposal
Exit Awards (not to be included in the prospectus), if applicable (PGT only)	For PGT courses give the titles of PGCert and PGDip exit awards if they differ from the main title
	UG exit awards are not normally named so this field does not need to be completed for UG courses, unless the partner would like to request approval to specify named exit awards.

SECTION B: QAA SUBJECT BENCHMARK	STATEMENT/S
QAA Subject Benchmark Statement/s applicable to the subject area/s	Please list the <u>QAA Subject Benchmark Statement/s</u> which you have referenced for the course.
	QAA Subject Benchmark Statements describe the nature of study and the academic standards expected of graduates in the subject area. You will be asked to refer to the relevant Subject Benchmark Statement/s and how they have informed the development of your course proposal throughout this document, in particular the learning outcomes and aims. Contact AQP for further advice on completing this section.

SECTION C: Narrative of course pedagogical vision and practice (Max 1000 words)

Use the prompts below to provide a full account of the pedagogy and strategic vision underpinning the course and module design. While you do not need to use these subheadings, it is important that you address each of these areas in your narrative:

Background

- The academic rationale and reasons for introducing the course, including course aims, the relationship to the institution's plans and how the course differs from or complements existing or related courses
- The overall vision for the course now and in the future
- Sites where the course is to be delivered
- An account of the process of course development and approval within the institution, including reference to the institution's internal validation or review report and a summary of responses to any conditions and recommendations imposed by the internal panel
- Any external commentary directly relevant to the proposed course, for example reports of inspections.

Students

- Numbers, characteristics, needs consideration of protected characteristics, abilities and trends in student performance, achievement and progression
- Recruitment, retention, progression and achievement consideration of market research
- The intended student experience
- Attributes and anticipated destinations of course graduates (employability, relevant skills, criticality, civic and social contribution etc., future careers)
- How student views and feedback have been and will be taken into account in the design and development of this course
- Cohort identity how will this be built and maintained?

Curriculum

- An explanation of the curriculum framework where this leads to a number of exit points and awards. A discussion of the curriculum content, its coherence, breadth, depth and progression.
- How do the course learning outcomes address:
 - $\circ \quad \mbox{the institution's Teaching and Learning Strategy},$
 - Sector recognised standards including FHEQ levels and relevant QAA Subject Benchmarks
- How the curriculum is appropriate to the abilities and needs of anticipated students
- How will curriculum promote achievement and progression of all learning outcomes at the intended level(s)

Support and guidance

- Opportunities for academic support and guidance, curricular choices
- Opportunities for personal development planning (skills development and career planning for instance)
- Pastoral support
- Inclusive pedagogical approaches to support all students and address needs of students with protected characteristics
- Sources of support beyond the course available to students
- What support and guidance will be offered to support students to access fieldtrips and placements (including
 professional placements where relevant)

Communication, management and enhancement

- Details of course management arrangements
- How information will be communicated to students and staff
- How students will be made aware of the expectations of them and their responsibilities as learners
- Methods to monitor, reflect on and develop the course with input from colleagues and students

FULL-TIME					
Module Title	FHEQ Level	Credits	Core or Option	New or existing	For options, give any groupings and state how many from each group a student will need to choose (e.g. Group 1, choose 2 from 4)
SEMESTER 1					
Give the module title and for existing modules the code	-	for the module.		the module is new or existing	Give the options groups and details of how many options/credits from each group need to be taken. It may be easiest to merge the cells in this column to indicate the groups and then say 'one of these'
SEMESTER 2					
Repeat as above for S2					

Please copy and paste additional tables as required for each subsequent academic year.

SECTION E: COURSE AIMS

Course aims

Course aims are broad statements which summarise the overarching goals and intentions of the course. The course aims should address the purpose of the course and what it is trying to achieve, as well as the intended benefits for students.

Course aims are different to learning outcomes in that they describe the overarching reasons for providing this particular course of study from the perspective of the educator. Learning outcomes, on the other hand, describe the measurable qualities students will be able to demonstrate as a result of successful engagement with the course of study and are therefore written from the perspective of the student.

It is recommended that you provide 3-5 course aims in a concise bullet point format.

SECTION F: COURSE LEARNING OUTCOMES

Course learning outcomes describe the measurable qualities students will be able to demonstrate as a result of successful engagement with the course of study and are therefore written from the perspective of the student.

Course learning outcomes should be expressed at the threshold pass level of students successfully completing the course of study. Course Learning Outcomes should be expressed at the outcome level of the final award (e.g. level 6 for Bachelors and level 7 for Masters).

Ensure that these are aligned to the <u>FHEQ</u> and the relevant QAA Subject Benchmark. **For guidance on writing learning outcomes that meet QAA standards,** please see <u>http://www.sussex.ac.uk/adge/curriculum/learning-outcomes.</u>

It is recommended that the Learning Outcomes encompass the following skills: Cognitive Skills, Practical Skills, Transferable Skills and Professional Competencies.

The recommended minimum/maximum number of learning outcomes is 8-10 for PGT and 10-14 for UG courses.

All Learning Outcomes start 'By the end of the course (or module), a successful student should be able to': This means that they should therefore start with an active verb, e.g. 'demonstrate', 'evaluate'.

For any award(s) associated with this course (e.g. PGDip or PGCert) please state the related learning outcomes below, creating a new list for each award.

This is for associated courses which have been approved by CPASC as an entry route and for named exit awards (where the exit award title is different to the main award title) only.

Learning outcomes must be provided for associated courses which have been approved by CPASC as an entry route (e.g. where an MA Creative Performance and PGDip Creative Writing have been approved, which are the same course but with the MA having a 60-credit research element).

Learning outcomes are also needed for named exit awards, where the exit award title is different to the main award title (e.g. the BA Social Work has been approved with the exit award title Cert/Dip HE in Social Care). We do not require course learning outcomes for standard exit awards, aside from where the exit award has a different title to the main award.

SECTION G: COURSE LEARNING OUTCOMES MAP

Mapping Key for Undergraduate courses:

As Course Learning Outcomes are written at the level of the award these cannot be met by all modules on an Undergraduate course (particularly those in levels 4 and 5).

All modules, including options, should contribute to securing the Course Learning Outcomes, either by formally assessing the Outcome (A) or by allowing students to develop their skills and knowledge (D).

No one module should assess all Course Learning Outcomes and no one Learning Outcome should be assessed by all modules. Students should also be given more than one opportunity to secure a Learning Outcome through formal assessment where compensation and/or condonement may be awarded by the PAB. The exception to this may be the project or dissertation.

The panel will expect to see students developing their skills early in their degree and then formal assessment of the Learning Outcomes towards the end of the degree.

For further guidance on course learning outcome mapping, please speak to the AQP Partnership Managers or see the Educational Enhancement webpage.

			Title an	d code of	f relevant	module		
Course Learning Outcomes								
L01.								
LO2. etc								

SECTION H: COURSE REGULATIONS

Please note that <u>all</u> requests for a derogation from the University of Sussex Examination and Assessment Regulations must be submitted to AQP for approval by the Chair of University Education Committee, and cannot be approved by the validation panel. For any regulatory queries and advice on derogations, please contact AQP (Partnership).

SECTION I: ACCREDITATION AND PSRB

Please indicate whether there are plans to seek external accreditation of the course. If so, please identify the intended body and whether you intend to seek accreditation as part of the validation process, once the course has been validated, or after the course is running.

Please also provide a link to the relevant section of the PSRB website. If accreditation is sought, please detail how your Course learning outcomes have been designed to meet PSRB requirements.

SECTION J: LEARNING AND TEACHING STRATEGY (Max 1000 words)

Use the prompts below to provide a full account of the pedagogy and strategic vision underpinning the course and module design. While you do not need to use these subheadings, it is important that you address each of these areas in your narrative:

Learning and teaching strategy

- A brief overview of the teaching and learning methods to be used on the course, , *i.e. the detail on how the aims of the course will be delivered*,that may draw on areas of good and successful pedagogical practice
- The link between chosen teaching methods and the curriculum's content, aims, learning outcomes and assessments
- How the selected teaching methods take into consideration the students' abilities, needs and backgrounds
- How resources will be used to support student learning and needs, embedding inclusive practice in materials and provision
- How employability and real-world skills will be embedded in the course
- Details of any placements, trips or visits, including specific aims and learning outcomes, criteria and approval processes for suitable placements, responsibility for finding and arranging placement, and supervision arrangements
- How students will be supported to become independent learners
- How the curriculum will be informed by staff research interests

Resources and learning environment

- Staff complement, expertise and development
- Support staff –e.g. Library, Student Support, IT, technical or specialist staff
- Teaching spaces, specialist equipment & specialist facilities (laboratory, studio, workshop, etc.) necessary to support the course
- Library resources necessary to support the course (specific book, journal and media acquisitions)
- o Details of relevant multimedia, IT and computing resources necessary for the course
- Equipment needs, e.g. whether new resources will be required to run the course and how these are to be secured.

SECTION K: TEACHING METHODS

1 credit is equal to 10 hours of effort for a student. This is split between contact (teaching) hours and independent study.

Contact hours for each module should reflect the subject discipline and the skills students expect to acquire. Typically contact hours will be higher at lower levels of study to support students on their way to becoming independent learners, and will reduce as students gain skills, experience and autonomy.

There are no university guidelines on expected contact hours due to different expectations and requirements across subject areas.

Please copy and paste additional tables as required for each subsequent academic year.

SECTION L: ASSESSMENT AND FEEDBACK STRATEGY (Max 1000 words)

Use the prompts below to provide a full account of the assessment and feedback strategy for the course:

Assessment and feedback

- A brief overview of the assessment methods to be used on the course, i.e. how the learning outcomes will be measured, that build on areas of good and successful pedagogical practice, reflecting on their authenticity and inclusivity.
- How employability and real-world skills will be embedded in the assessment strategy
- How do the proposed methods of assessment enable the student to demonstrate that they have met the course learning outcomes?
- How modes of assessment are distributed across the course, providing students with opportunities to develop and re-apply skills.
- Rationale behind balance and scheduling of formative and summative assessments in terms of student development across a course.
- Mechanisms for provision of feedback to students on assessed work, including format, standards and timescale
- How opportunities for feedback and feedforward have been built into the assessment strategy.

SECTION N: STUDENT EXPERIENCE AND ENHANCEMENT (Max 1000 words)

Use the prompts below to provide a full account as to how the pedagogy and strategic vision underpinning the course and module design provide students with opportunities for engagement and enhancement and the development of a cohort identity.

While you do not need to use these subheadings, it is important that you address each of these areas in your narrative:

Support and guidance

- Opportunities for academic support and guidance, curricular choices
- Opportunities for personal development planning (skills development and career planning for instance)
- Pastoral support
- Inclusive pedagogical approaches to support all students and address needs of students with protected characteristics
- Sources of support beyond the course available to students
- What support and guidance will be offered to support students to access fieldtrips and placements

Communication, management and enhancement

- How information will be communicated to students and staff
- How students will be made aware of the expectations of them and their responsibilities as learners
- Methods to monitor, reflect on and develop the course with input from colleagues and students

Partner Curriculum Change Form – Course or Pathway

All course change proposals should be submitted to <u>partnership@sussex.ac.uk</u> in October in order to meet CMA deadlines.

Indicate your change request by checking the appropriate box below:	
Material changes to a course or pathway: complete all sections.	
Please see the <u>CMA</u> information on guidance as to what constitutes a material change. If you are unsure, please contact <u>AQP Partnership</u> for help.	
This will include changes to core modules and may include changes to optional modules, the structure of the course (i.e. changing the proportion of core vs optional modules), removal of a mode of study (FT, PT)	
(If a Partner wishes to change a course so substantially that all stages of the course are affected, then the Partner should submit the revised course to Collaborative Provision Approval Committee (CPASC) as if it were a new course, starting from Stage 1 of the process. This applies even where the title of the award is itself unchanged)	
Non Material change to a course or pathway: complete all sections.	
Course learning outcomes must be written at the level of the award. Please see the <u>Learning Outcome Support</u> on the AQP webpage.	

Change to Course Title

Such requests must be submitted to Collaborative Provision Approval Committee (CPASC) for consideration and cannot be approved by School Education Committee. The form can be found at https://www.sussex.ac.uk/adqe/partnerships/cpac

APPENDIX 12: ANNUAL MONITORING REPORT (AMR) TEMPLATE FOR TAUGHT COURSE PARTNERSHIPS

Partner Institution:	
Academic year for reporting:	
Courses delivered in this academic year:	
Courses not delivered in this academic year:	
Author:	
Date of report:	
AMR approved by (within Partner Institution): The relevant minute of the senior HE committee within the Partner Institution which considers the Annual Monitoring Reports, should be appended.	

Section A: INSTITUTION-LEVEL REPORT

As readers may not be familiar with your institution, the first time you use an acronym explain it in full with the acronym in brackets, then refer to it by initials.

For example, Annual Monitoring Report (AMR).

A1. Reflective executive summary

Reviewing the last academic year, provide a summary of the key issues from your 2023/24 institutional action plan (you should also include the action plan in the Appendix).

In writing this summary you may wish to consider including:

- areas of good practice or improvements (include data to support this)
- how you have used data analysis to identify positive and negative trends, particularly within the context of broader subject-area, institutional or sector-wide developments or issues

A2. Activity in response to any external reviews/inspections

Include specific activities

A3A. Which key actions have been achieved from the previous year's institutional action plan?

Include action reference indicator/number

Include the previous year's institutional plan in the appendix of this report

A3B. Which actions have not been achieved from the previous year's institutional action plan and why?

Include action reference indicator/number

A4. Identify any in-year improvements that have been identified and actioned within the institution during the year under review. Indicate what these were, how they came about and what you did. If there is still work to complete, please include in the new action log.

A5. Report on appeals and complaints received during the year.

Please list all appeals and complaints that were considered at the formal stage, as well as providing an evaluative summary.

A6. Annual report on the conduct and outcomes of assessment

Include both of the following in the appendix of the AMR:

- all External Examiner Reports
- The institutional action plan, highlighting where recommended actions were proposed by the External Examiner
- (i) Issues raised at the Module Assessment Board(s) (or equivalent)

(ii) Operational effectiveness (conduct of the Progression and Award Board(s) (or equivalent), timing, marks arrays, operational issues)

(iii) Application of institutional regulations

Please comment on the following (where relevant):

- Borderline candidates
- Condoned credit
- Exceptional circumstances (late submission, non-submission, absence, impairment), including statistical data on the number of cases where evidence has been submitted and the proportions of these submissions that were successful
- Trailed resits/resits/repeat stage
- Marking and moderation

(iv) External Examiner comments regarding regulations or assessment procedures

(v) Any other comments on assessment

A7. Additional points for the attention of the University

Section B: COURSE LEVEL-REPORT

Statistical data

The statistical data in B1,B2 and B3 below is required on a cohort basis, course-by-course. Data must show five years' figures for trend analysis and be presented by:

- Domicile
- Ethnicity
- Age on entry (mature)
- Entry qualification type
- Gender
- Disability

All partner institutions must provide data for B1, B2 and B3.

B1. Continuation and non-continuation data by Level.

This should include the continuation rate (against starters) and the reasons for non-continuation.

B2. Completion data

This should include the completion rate (against starters) and the reasons for non-completion.

B3. Degree outcome data, by award classification.

B4. Evaluative summary of progression of leavers into employment and/or further study.

Data from the Graduate Outcomes survey should be appended for the 2020/21 and 2021/22 graduating cohorts.

B5.	Brief report contextualising the statistics in B1, B2 and B3, highlighting any exceptional
	results and identifying points of concern and the action to be taken.

B6. Evaluative summary of student satisfaction monitoring and the student experience for each course. This should highlight, in particular:

- the main changes in overall course evaluation scores;
- the modules that have seen the largest increase in student satisfaction scores;
- the modules that have seen the largest decrease in student satisfaction scores;
- a summary of issues arising from Student Representative Forums.

For those partners participating in the National Student Survey (NSS), headline data should be appended.

B7. Review of peer observation of teaching that has taken place during the year.

B8. A synopsis of strengths and issues for each course. Findings should include reference to:

- evaluation of changes resulting from external examiner comments
- evaluations from module/course convenors/leaders
- resources provision
- scholarly activity and staff development activity
- activities undertaken to ensure inclusive teaching and learning and equality of opportunity

B9. Areas of good practice that have been identified as having relevance beyond the course concerned.

Appendix checklist

You must include the following:

- The relevant minute of the senior HE committee within the Partner Institution which considers the Annual Monitoring Reports.
- The previous year's institutional action plan (2023/24)
- The institutional action plan for 2024/25 building on the areas noted in A2 above. It should include actions that:
 - a) are aspects of good practice which are considered worthy of wider dissemination;
 - b) relate to broad matters arising from external examiners' reports;
 - c) are part of wider enhancement plans being deployed by the course teams (or Schools, where applicable);
 - d) are issues that need addressing at partner or University level.

The following template shows the minimum detail required:							
Reference	Issue	Source of	Planned	Lead	Target date	Progress	
		issue	action	responsibility			

- Action plan for 2024/25 in response to external examiner reports (unless these actions are incorporated into the institutional action plan)
- All External Examiner Reports
- Headline data from the National Student Survey (NSS) for those partners who participate
- Graduate Outcomes survey data, by course, on progression into employment or further study after fifteen months (for those partners who are OfS registered or seeking OfS registration)

ACADEMIC QUALITY & PARTNERSHIPS OFFICE

APPENDIX 13: LIST OF TEACHING STAFF

- Please complete the table below with the current list of HE teaching staff.
- Attach CVs for new members of HE staff.
- Return this form to the AQP Office by Monday 2nd September 2024.
- Please contact <u>partnership@sussex.ac.uk</u> with any questions.

[NAME OF COLLEGE / INSTITUTION] [Academic Year]

Name	Course	Full-time / part- time / sessional	Percentage of time dedicated to the course	Other courses	CV included? (for new staff) Y/N

ACADEMIC QUALITY & PARTNERSHIPS OFFICE APPENDIX 14: PROCESS FOR REPLACING EXTERNAL EXAMINERS

Task	Responsibility			Time alling a
No.	Partner	AQP Office	External Examiner	Timeline
1	Confirms External Examiner fees for the current academic year by the deadline provided in the Calendar of Business.			2 September 2024
2	 Begins the recruitment process for a new External Examiner. The University cannot accept applications from those who: have previously been appointed as an External Examiner at the University of Sussex or the Partner Institution unless a period of five years or more has elapsed since the last appointment. have been a member of staff or student within the University or one of its Partner Institutions (including Study Group) within the last five years have any direct interest in or ties to the University or Study Group hold more than one other External Examiner position, excluding PGR appointments. are from the same department/unit of the same institution as another current external examiner are UK residents, and will use the UK as their main place of residence throughout their tenure 			AQP must receive nominations at least 4 months before the expiry of the previous examiner's tenure.
3	HE Approval Committee sits to approve the External Examiner nomination.			Dependent on date of relevant Partner HE Approval Committee.
4	 Sends the External Examiner's CV and completed nomination form to <u>partnership@sussex.ac.uk</u>, ensuring the nomination form has been signed by: Head of School / Department / Partner Institution Chair of the relevant Partner HE Committee 	Receives email and processes the nomination form and CV. If the nomination is unsuitable, AQP to inform the Partner and request another candidate.		By deadline of 25 April 2025

Task				Timeline
No.	Partner	AQP Office	External Examiner	Timeline
5		Emails the newly appointed External Examiner and the Partner informing them of the external examiner's appointment, attaching the appointment letter with details of Right to Work check (UG External Examiners).
